## May Request Price-Wage Controls And Rationing

### Truman Thought Ready To Urge War Time Curbs

Would Place Nation On "Pay-As-You-Go" Basis For Aid Programs

'PLAYING POLITICS' IS NOT CONSIDERED

Price-Wage Controls And Rationing Hooked To Basic Materials Allocation

By ROBERT G. NIXON (I. N. S. Staff Correspondent)

WASHINGTON, April 10.—President Truman may soon ask Congress for new taxes to pay for the defense and European recovery programs, and for limited price-wage controls and rationing powers to halt further inflation.

Presidential intimates today disclosed such steps are under consideration as an interim report by the president's council of economic advisors, warning of new inflationary pressures touched off by the new multi-billion dollar government spending program, was being digested.

New Taxes

These sources said that a presidential recommendation for new taxes to place the rearmament and European aid programs on a "pay-as-you-go" basis, would be made, if necessary demands, despite the recent four billion eight hundred million dollar income tax cut which the Congress passed over Mr. Truman's veto.

Associates said the president has no intention of "playing politics" with the country's welfare in a presidential election year, and that

### Pa Newc Observes

What next? For a number of years, motorized mowers for home lawns have been in vogue, but Pa Newc chanced upon a new lawn aid during his travels of the week. One North side resident was completely rolling his lawn with a motorized roller, believe it or not. The lawn keeper guided the roller and the motor provided the momentum. Quite an improvement over old time methods.

Driving in from Scranton, Pa., on Friday, one local motorist told Pa Newc that he experienced some of the most unusual driving weather than he has seen for many and many a year. Snow squalls were prominent in many sections, with some rain seen too, but the high winds produced the most difficulty in driving. It was very hard to keep the car on the road. Pa Newc is told and when a sheltered spot was reached, the driver of the vehicle felt like he was being relieved of a great strain.

The new street signs in the downtown section, erected during the week, have already put the city on its way to that "new look" which has been the subject of several articles carried in The News during the past weeks. Retrimming of the many steel utility poles and light standards in the downtown would be an added improvement.

Quite a number of churches of the city have already undergone intensive interior decorating with some in the process of being painted and cleaned indoors. This will add to their beauty to be appreciated by oldtimers who will be drawn to the city by the big celebration next summer.

Excavation is under way in the Croton avenue section of the city for a new dwelling. The workmen were attracting considerable attention Friday with much kibitzing in progress during the digging.

Lewis And VanHorn Agree To Appointment—Strike May End Quickly

By PHILLIPS J. PECK (I. N. S. Staff Correspondent)

WASHINGTON, April 10.—(INS)—John L. Lewis and the soft coal operators agreed today on Sen. Styles Bridges (R) N. H., as an arbiter in the coal mine strike and Lewis said the 27-day-old walkout could end "within 48 hours."

Martin Arranges

Speaker of the House Martin (R) Mass., making an unheralded entrance into the dispute, brought Lewis and Ezra Van Horn, management representative, together for a surprise conference in his office.

Lewis and Van Horn quickly agreed to selection of Bridges as "public interest" trustee on

### Russia Expected To Enlarge Veto

Soviet Seen Adding Five Vetoes When Membership Applications Are Discussed

By PIERRE J. HUSS (I. N. S. Staff Correspondent)

LAKE SUCCESS, N. Y., April 10.—Soviet Russia is expected to add five more vetoes to its already long roster when the Security Council meets in special session today to consider 12 applications for membership in the United Nations.

Russia in all likelihood will move again to block the entry of Italy and four other candidates sponsored by the western powers. The 11-nation body called the special Saturday meeting to dispose of the applications in preparation for the heavy going next week on other global issues, particularly Palestine.

Prior to the convening of the General Assembly on Friday, the United States made plans to present terms for a Palestine truce at a closed meeting of the Security Council on Monday.

Warren Austin, chief U. S. delegate, had called on the nine other members attending the Palestine talks to submit their own proposals.

### U. S. Again Asks Soviets To Agree On Trieste Return

WASHINGTON, April 10.—(INS)—A week before the all-important Italian elections, the western powers again challenged Soviet Russia to agree upon early return of the free territory of Trieste to Italy.

Officials here anticipated a reply from Russia that she might accept the Trieste proposal at the last moment—provided the Italian North African colonies of Eritrea, Italian Somaliland and Libya also were restored to Italian sovereignty.

During World War II the United States had a major base in Eritrea for the purpose of supplying the British through the back door during the Italian campaign. The Air Force had a strip in Libya; nothing in Somaliland.

When James F. Byrnes was secretary of state he proposed return of North African colonies to Italy. About two months ago Moscow suggested informally that the Kremlin might be disposed to consider a return of Trieste to Italy provided the African colonies also were restored to Rome.

Believes Czechs Will Be Free Again

PITTSBURGH, April 10.—(INS)—Dr. Jan Papanek, Czech delegate to the United Nations when the Communists took over his country, expressed his belief there will "again be a free, democratic Czechoslovakia."

Dr. Papanek told 200 persons attending memorial services for the late Jan Masaryk, in the University of Pittsburgh's commons room last night, that "if the United States and the western powers adopt a firm stand against Russian activities, Russia will have to back down."

He said that he believes Jan Masaryk's death, reported a suicide by the Russians, was murder, and added that he had no doubt Czech President Edouard Benes was being held a prisoner.

### See Men Over 30 Escaping Draft Under New Bill

Armed Services Committee Chairman Fights To Lower 45-Year Age Level

By WILLIAM THEIS (I. N. S. Staff Correspondent)

WASHINGTON, April 10.—An escape from draft registration for all men over 30 appeared certain today in Congress.

Sen. Gurney (R) S. D., chairman of the Senate Armed Services Committee, threw his personal support behind the House move to lower the draft registration ceiling from the 45 year level asked by the administration.

A bill drafted by House military leaders calls for registration of men 18 through 30.

Not Above 30

Gurney said he was opposed to going "above the early thirties" in registering men for a draft which would call for actual induction of those 19 through 25.

Meanwhile, indications strengthened that the GOP leadership would follow through on a preparedness bill authorizing the draft and a 70-group air force program without Universal Military Training.

One leading House member flatly predicted that the UMT bill was dead. Demands for immediate action on air expansion and a general feeling that "we can do two but not all three" diminished chances for the long-range training plan.

House and Senate armed services committees marked time until Monday. The group then will open its public hearings on the draft bill, which contemplates an enlarged air force, Defense Secretary Forrestal, Undersecretary of State Lovett, and the secretaries of the army, navy and air will testify.

Hard Coal Men Starting Back

SCRANTON, Pa., April 10.—(INS)—Hard coal work stoppages engulfed 1800 additional miners in the Scranton area today, but back-to-work sentiment appeared to be gaining momentum around Wilkes-Barre.

Evidence that the sympathy wave may be running its course in the Wilkes-Barre area where it got its start was seen in an announcement that work will be resumed Monday at the Susquehanna mines in Nanticoke. Glen Alden Coal Company's Loomis and Avondale Collieries re-opened two days ago.

### Texas 'Mother' Officers Given Death Sentences

One-Time Members Of Elite Guard To Die By Hanging For Mass Murders

By TOM AGOSTON (I. N. S. Staff Correspondent)

NUERNBERG, April 10.—A United States war crimes tribunal today condemned fourteen former officers in the Nazi SS elite guard to death by hanging for mass murder.

Another seven defendants were sentenced to prison terms—two for life, three for twenty years and two for ten years.

The twenty-one were found guilty of the murder of more than a million persons—Jews, gypsies, partisans, and others declared "undesirable" by the Hitler regime.

In sentencing the men, Presiding Judge Michael A. Musmanno, of Pittsburgh, declared:

"This whole case is incredible. But this is a case where the incredible became the normal."

All the defendants took their sentences calmly and unemotionally. Death for them was no new thing.

Major General Otto Ohlendorf, who alone was held responsible for the killing of 90,000, was the first to hedge his sentence.

Judge Musmanno described him as a "Jekyll-Hyde personality."

Another condemned to death was former Lutheran clergyman Biebertstein who, when asked why he gave no religious comfort to those he ordered slain, replied:

"I could not cast pearls before swine."

Most of the defendants tried to win acquittal by pleading that they only obeyed orders issued by their superiors.

OMAHA, Neb., April 10.—(INS)—Gov. Thomas E. Dewey flew in to western Nebraska today to make a final bid for top billing in the state's preferential primary next Tuesday.

The 1944 Republican presidential candidate extended his Nebraska trip an extra day, canceling a scheduled flight to Washington for tonight's gridiron dinner, on the basis of reports from his Nebraska leaders that he is gaining in the battle for the 15 delegates from the politically independent Cornhusker state.

In his Omaha speech last night, which was to have been his last Nebraska talk, Dewey gave a "blue print" for the formation of a United States of Europe, which he contends can be the third great world power needed to help America halt Soviet Russia short in its tracks.

Language, he said, need not be a barrier to such a European federation.

Charges Russia Supplying Arms

LONDON, April 10.—(INS)—The international committee for the study of European affairs charged today that Russia is supplying arms to the Arabs in Palestine.

But, the committee added in a special report, Russia is simultaneously playing the other side of the fence by endeavoring to speed the exodus of thousands of Jews from Romanian and Bulgarian ports.

The committee, a private organization of prominent European intellectuals, also charged Russia with interfering in the internal affairs of many European countries.

Roy White Accepts CTP Invitation As Guest Speaker At Annual Dinner

Roy White, president of the Baltimore & Ohio railroad, will be the guest speaker here at the annual dinner of the Co-operative Traffic Program June 12, it was announced today.

The announcement came from Ralph Audino, general chairman of the local CTP group. The annual dinner usually attracts a large crowd and with President White present it is expected this year's affair will reach new attendance records.

The CTP dinner is primarily an employees' affair but the public is always welcome. Each year some outstanding speaker has been present. A dance follows the dinner.

Plans for the reception of President White will be formulated within a short time and announced by Mr. Audino.

American Diplomats Safe In Suburb Home—Argentine Removes Delegates To Conference By Plane—Priceless Religious Antiques Destroyed—Transportation Is Paralyzed—Rains Lighten Damage Of Mass Arsonists.

By GEORGE MOISE (I. N. S. Staff Correspondent)

WASHINGTON, April 10.—The State Department announced today that fires during the night menaced the American embassy in Bogota, but that the flames now are subsiding and all within the embassy are safe.

The fire broke out as the bloody revolution raged in the Colombian capital, and lapped close to the embassy during the night. Lincoln White, State Department spokesman, said this morning:

"Fires that had menaced the embassy are subsiding. "We have received word from Americans inside the embassy that 'we are all right.'"

Secretary of State Marshall, Commerce Secretary Harman and other leaders of the American delegation to the ill-fated hemispheric conference are quartered far out in the suburbs of Bogota, a considerable distance from the embassy.

Within the embassy are a group of news correspondents and some members of the embassy staff.

### Abrupt Bogota Parley Ending Helps Argentina

Believe Premature Halt Will Make Peron Government New Western Leader

By DAVID J. WILSON (I. N. S. Staff Correspondent)

BUENOS AIRES, April 10.—Latin American diplomats predicted today that premature ending of the inter-American conference in Bogota will leave Argentina the economic and political leader of the western hemisphere, replacing the United States.

The attributed quick Argentine action in sending planes to bring its delegation home from the riot-torn Colombian capital to the fact that Argentina now holds the top cards in the conference. It was acknowledged that United States pressure may change this position if the conference continues.

The United States, they pointed out, has been placed in the position of fighting a defensive battle against a solid bloc of Latin American nations on both political and economic fronts.

On the economic front, Secretary of State Marshall's flat statement that the United States is unable to aid Latin America by any genuine offer of large-scale credits.

On the political front, the Argentine delegation has taken the lead in espousing an end to colonialism in the western hemisphere, an issue with a strong emotional appeal to Latin Americans. The U. S. delegation is on the other side of the fence.

Latin American diplomatic circles agree that the sole hope of the U. S. for emerging with its prestige intact is to force the Argentine to make definite commitments on its vague promises. But, should the Colombian disorders and the conference abruptly, this hope will be killed.

The Jr. Hi-Y boys are ending up their ping-pong tournament today at the Branch Leaders in this program so far are Curtis Bell, James Beach, Roy Hambrick Jr. and Henry Mahone.

Approximately 3,000,000 tractors are in use on American farms, the U. S. Department of Agriculture estimates.

## Appoint Dr. Creighton To Neshannock Church

History Head At Westminster College To Fill Pulpit Temporarily

NEW WILMINGTON, Pa., April 10.—Dr. John W. Creighton, head of the history department at Westminster College, has been appointed interim pastor at the Neshannock Presbyterian church.

Dr. Creighton will serve until a successor to Rev. William F. Byers is secured. The latter terminated his pastorate at the church Easter Sunday.

Dr. Creighton is a graduate of Princeton Theological Seminary and has studied at Princeton University, University of California, and the University of Missouri where he secured his Ph.D. degree.

He resided in China for 21 years and is a former president of Hastings College, Hastings, Neb. He will occupy the pulpit Sunday.

The preaching mission which has been in progress at the Methodist church for the past two weeks will conclude Sunday evening with Rev. George Myers delivering the sermon, "Man and His Manna".

he will call upon the Congress for whatever is required to keep the national economy healthy.

The price-wage controls and rationing program would be coupled with a request for powers to allocate basic materials in scarce supply.

**Billion Dollar Impact**  
The president made public for the first time one of the interim economic reports, underscoring the importance the administration places on its recommendations.

The three-man council of economic experts surveyed the impact of the new multi-billion dollar spending programs, coupled with the nearly five billion dollar annual loss of federal revenue, on the nation's economy and recommended:

In India, when a cow grows too old to be useful, she is placed in a "home for old cows".

## REVOLT KILLS 100, MANY ARE HOMELESS

(Continued from Page One)

was still in power and that the army was in control. But the rebels claimed victory for a provisional junta headed by Dario Echandia, former provisional president.

The president was known to have conferred all night with cabinet members and leaders of the opposition party, which seeks his resignation.

The fires which swept the center of Bogota, burning business buildings and low-cost apartment projects, left an uncounted number of persons homeless and the smoke cast a sulphur-colored pall over the city.

**Antiques Destroyed**  
Destroyed in the fires or stolen by looters were hundreds of priceless religious objects of antiquity that were housed in the destroyed Cathedral of San Francisco.

Transportation was another victim of the insurrection. All trolley cars were burned, and no taxis ventured onto the streets.

The absence of troops puzzled observers, who thought it possible they were held around the presidential palace, which the guards when the rioting was at its height.

The radio stations, which were loud in claims and counterclaims for the government and the rebels last night, went off the air early in the morning and had not resumed operation at 6:30 a. m. EST.

Bogota's four fire engines were inoperative. In any event, they would have been unable to cope with the mass arson that swept the ancient capital.

**Rains Help**  
Constant rains and the extreme altitude of the city, however, kept the fires from doing more complete damage.

This old mountain capital, which modernized and dressed itself up for the Inter-American conference, is a shambles, with the main buildings downtown gutted by fire, stores looted, streets littered with debris and scattered corpses.

The smoke from burning buildings produced an eerie warlike atmosphere.

First target of the revolutionaries, quick to spring into action following the assassination of Dr. Jorge Eliecer Gaitan, liberal party leader, was the capital, headquarters of the conference.

Most delegations, but not that of the United States, had offices in the capital, and their archives were destroyed.

It appeared impossible that the conference could be continued in Bogota, but a movement already has started to try to resume it elsewhere as soon as possible.

## RUSSIA EXPECTED TO ENLARGE VETO

als for achieving a cessation of fighting in the Holy Land.

**Face Second Veto**  
Unless a dramatic surprise is sprung by Soviet delegate Andrei Gromyko in the membership vote, the states facing his second veto are Italy, Portugal, Ireland, Austria and Transjordan.

Such action will run his veto score over one year from twenty-two to a total of twenty-seven.

There is a strong possibility that extended debate will delay the vote until next week.

The five states kept out in the cold by Soviet opposition are sponsored jointly by the United States, Britain and France. The most important immediate repercussions to Gromyko's veto will be felt at this time in Italy and Transjordan.

In the case of Italy, the hardest hit by any veto will be the Italian Community Party, which at the moment is fighting hard to cover the April 18 election.

## Deaths Of The Day

## SAVE WITH A DEFINITE PLAN

A planned savings program with the the First Federal will put you in position not only to meet emergencies, but also to take advantage of future opportunities.

History repeats . . . and there have always been periods of opportunity for folks with some ready cash. . . . You remember . . . Five or six years ago literally hundreds of good homes could have been purchased in New Castle at rock bottom prices, for as little as a few hundred dollars down. . . . Today most of these homes have doubled in value.

Your dollars saved today, as always, earn liberal dividends at FIRST FEDERAL. . . . And if history repeats again, your dollars will buy more in the market place when inflation is licked.

Don't delay your planned savings program. . . . COME IN TOMORROW!

the miners welfare board which handles the pension fund at issue in the nationwide strike.

Announcement of the surprise move came suddenly when Martin asked newsmen to come to his office.

When the reporters went in they found the speaker, Lewis and Van Horn there.

Martin declared that he had invited the two men to meet with him at 11 a. m., in an effort to arbitrate the dispute.

He declared that "both were generous in their desire to cooperate and that he thought it was significant that they reached an agreement in 13 minutes on the appointment of Bridges.

**Suggest Bridges**  
The selection of Bridges for the vacant spot on the trustees' fund was suggested by the speaker.

Shortly after the conference in Martin's office Sen. Bridges' office issued the following statement:

"Sen. Bridges is out of the city but has been contacted and has stated that he will accept the appointment.

"The senator recognizes the major responsibility involved but he recognizes also the urgent need for a solution to the problem.

"Although the responsibility is a great one, it will in no way conflict with his senatorial duties and he accepts it as an opportunity to be of further service to the country."

## MARY COLELLA

### WEDS A. ROUZZO

A lovely spring wedding was solemnized in St. Lucy's church on Thursday morning, at 9:30 o'clock, uniting in marriage, Miss Mary Colella, daughter of Mr. and Mrs. Louis Colella, 105 West Wabash avenue, and Amerigo Rouzzo, son of Mrs. Tom Rotunno, North Cedar street.

Rev. Fr. Sebastian Ippolito, pastor officiated using the double ring ceremony, before an embanked altar of flowers and ferns.

The bride, in marriage by her father, the bride was wearing a white marquisette gown fashioned in the Colonial style with side peplum and long train. Her fingertip veil sprinkled with orange blossoms, fell from a sweetheart crown, sprinkled with orange blossoms, and she carried a Colonial bouquet of roses centered with an orchid. For something "borrowed" she wore her mother's pearls.

Mrs. Vito Colella, as matron of honor, wore an ice-blue taffeta gown with side peplum, ending in train. She wore coral accessories and a sweetheart bonnet. Her Colonial bouquet was of teasies. Vito Colella served the bridegroom as best man.

Supplementing the ceremony, a wedding breakfast was served in St. Margaret's hall, where at noon a wedding dinner was served to the guests. An evening reception was held from 6:30 to 9:30 p. m.

Mr. and Mrs. Rouzzo departed for Florida on their wedding trip and upon their return will reside at 105 West Wabash avenue.

Mr. Rouzzo is affiliated with the Baron's hardware company.

## In View Of News Of The World

By J. C. Oestreicher, INS Foreign Director

A Refreshing example of democracy in action was provided today by the rapid-fire sequence of developments at Bogota, where successful settlement of outstanding problems is anticipated in record time.

The ninth inter-American conference which assembled in the Colombian capital just over a week ago, has far from finished its tasks.

But there is every likelihood that the Secretary of State Marshall will achieve his aim of adjournment by April 30 so that full attention may be devoted to the many unsettled problems of Europe, all of which now mean more than ever before to the well-being of the Americas.

The Bogota conference has followed unwritten rules of procedure which are unknown to old world parleys and which have been invoked but infrequently by the United Nations.

They boil down to free and open discussion of anything and everything. Aisles are viewed freely and at the first possible moment efforts made to compromise the differences. They usually are successful.

When inter-American delegates get together, unimpeded by too much protocol and veto powers by any superior body, their deliberations somehow resemble the preparation of a French peasant's "pot-au-feu" or what Latin Americans would call "caldudo" or "michuero".

The object is to drop into a savory stew anything at hand that might contribute to its final delicacy.

## TEACHER SHORTAGE APPALLING

Millions of children will be denied adequate schooling during the next ten years because of the shortage of elementary school teachers. Your child, ten, six, three, one, or still unborn may be among these unfortunate.

Next fall, 150,000 new teachers will be needed but only 10,000 will have been graduated from all the nation's colleges altogether this year. Within five years there will be a shortage of 500,000 teachers. For the junior and senior high school levels, the supply practically equals the demand.

These facts were revealed by a recent survey made under the auspices of the National Education Association.

Right now the children of many a reader of this column are going to a school whose teacher's training has not gone beyond high school or the eighth grade. While a few of such teachers prove to be wonderful with young children most of them are wholly unfit to teach. The quality of teachers and teaching in many an elementary school has slipped back at least a quarter of a century.

**Lower Salaries**  
Why has this appalling teacher shortage happened in the elementary school and not in the secondary schools? Chiefly because salaries are usually far lower there. This naturally means that fewer young people graduating from high school are seeking training for elementary teaching.

It is true that a few school systems throughout the United States have a single salary schedule, which means that the teacher in the grades receive the same salary as the high school teacher, provided she has had the same educational training. But as a rule, she hasn't, so that even in most such systems the elementary teacher draws less pay than the high school teacher and is looked upon by the latter as "socially inferior." In the average school system the economic and "social" disadvantage of the elementary teacher is pronounced.

**Teachers College**  
Besides, nearly all elementary teachers who are professionally trained at all have attended a normal school or teachers college, which on the average has had lower academic standards than liberal arts colleges (from which most high school teachers have come). Very few liberal arts colleges train teachers for the elementary grades, though there are now strong pressures for them to do so.

School administrators have also helped build the "nest" they are lying in. They have not enthusiastically urged bright young people to enter the teaching profession. Indeed some of them have often suggested just the opposite to youths.

Some day parents and the entire community are going to wake up. Until then what about the innocent defenseless children? Aren't good teaching and good teachers as important for the child at six as at sixteen?

## Health Talks

By DR. W. A. WOMER

**LOUD OR QUIET**  
Doctors who specialize on the mind tell us that some children are too quiet. They keep to themselves and do not want to play with other children.

Healthy children are supposed to be active and energetic. They want to be on the go. They like company. They take their own part and stand up for their rights.

Usually when a child is too quiet and solitary, there is something wrong.

Medical advice may help some. A good sensible teacher may help too.

With proper treatment and training these children may live normal useful lives and do a lot of good in the world.

Those concerned know that under the watchful eye and sensitive nose of a competent cook, something definitely worthwhile is bound to come out of it.

At Bogota there has been no worry about getting a quorum at a committee meeting or full attendance at a plenary session.

Everyone turns out full of vigor. There may be an occasional tardy arrival for that happens everywhere. But generally speaking, the delegates at Bogota have entered into this meeting with a truly youthful democratic zest, impelled both by the urgency of the hour and the knowledge they have a chance to contribute to a better world.

If anything can be certain these days it is this: the Bogota conference will end with an act of mutual agreement that will be a spring board for further progress. And it will not only be signed. It will be honored.

## Looking At Life

By Erich Brandeis

Spring, as you know, started early this year—on March 20th.

But did you really have to look at your calendar to know that Spring has come?

Is Spring a matter of calendar or weather, or a state of mind?

When Spring arrived the snow was still on our ground. But we knew it was here. We had felt it coming for days and days.

Spring was in the air—and in our hearts.

When Spring is on the way we get restless. We can't sit still. We lose our interest in radio and in serious reading.

We go to the window. We step outside. We take little walks and come back into the house with muddy shoes. We look at road maps and are sure that the car is in good running order.

We feel jittery and fluttery and even if we are no longer the proverbial young men whose "fancy" lightly turns to thoughts of love, we know it's Spring.

Women love Spring too, of course. But to women Spring means other things besides daffodils and pussywillows.

It means housecleaning and changing clothes for the kids and for themselves. It means putting winter things away and getting ready for the hot summer days.

It means getting the husband to take down the storm windows and put up the screens.

But it's Spring, anyway—with all the work and all the mud and all the bugs—it's hope and youth and anticipation.

There was Spring in the hearts of young William Lefkowitz and Jerry Schwartz, of Brooklyn. They bought a rubber raft for \$20 and planned a sailing trip up the Hudson to Albany and Governor Dewey.

They decided to go on their trip at Easter. They rigged up a mast made of an old length of two-by-four pine. For a sail they used a bedsheet. The rim of an auto wheel on a length of rope served for an anchor.

At 7:30 in the morning they inflated their craft and hoisted sail. At ten o'clock they had reached the entrance of the Bay across from Staten Island.

Then a gust of wind hit the bedsheet. The mast snapped and carried away the sail. They had a pair of oars and started to row. The tide became higher. At 11 a. m. one of the oars got away and they were adrift.

The tide carried them past Fort Hamilton close enough to the shore for passing motorists to hear their yells and notify the police.

At 1 p. m. a police launch had caught up with them. At 2 p. m. they had been towed ashore.

At 3 p. m. they were in conference with their parents, who refused to tell reporters what they told their sons about Spring.

## From Me To You

By MESEALL

"I can't sew worth a cent" . . . you hear that every once in a while . . . and mostly you can detect some slight pride in a woman's voice . . . as though sewing were beneath the dignity of the likes of her . . . In my home the lady of the house is very deft with a needle, stitching loose linings, re-sewing loose buttons, making dresses and children's clothing . . . and even re-covering chairs and the like.

But to tell the truth about all the women who say they can't sew . . . it's an acquired characteristic . . . Few women want their husbands to get the idea that they can make their own clothes, or remake a hat. Demonstrations of such skill would lead them to suggest, when they wanted money for a new outfit, that they re-fashion the old.

Now wait a moment . . . don't forget that men are equally cagey . . . the wise ones pretend incapacity for such simple tasks as hanging a picture or driving a nail. These cultivated deficiencies (as some tell me) insulate them from no end of nasty household chores.

No doubt these comments will cause some comments around the homes of various people . . . we have one very close friend who altho' goes crazy when anyone starts talking about doing work around the house . . . he claims he doesn't know one end of a nail from the other . . . he surprised himself and all others when he joined a wood working class last winter and turned out some of the finest work of the season . . . one never knows until he tries.

One more thought and then we must move along . . . Mark Twain said that he wrote Tom Sawyer and Huckleberry Finn exclusively for adults . . . he had the idea that boys and girls should not be allowed to read them for fear of contamination of immature minds. These books might suggest that children should disobey their parents or play hokey from school . . . wonder what Mark Twain would say if he could hear today some of our radio programs . . . or see some of the crime movies?

## Lewis, Wallace And Unity

WASHINGTON, April 10. IT is an oft-proclaimed and widely held conviction in this country that when menaced by a foreign foe the American people, putting aside politics and partisanship, present a "united front." The further claim is that when thus united, industry and labor buckle down and do a "superb job."

NEITHER of these beliefs is sustained by the facts. Discarding the evidence of the past, so far as unity is concerned, certainly the present record proves the reverse. The persons dispute that we are today living under the threat of a war so terrible as to make it impossible to exaggerate the catastrophic consequences. Everyone hopes the conflict can be averted but no informed man doubts that the danger is real and great. Under such circumstances disunity is indefensible, wicked as well as stupid.

BUT is there unity among us? The most superficial view of the situation makes the question absurd. Disunity is so obvious that it cannot help but gladden the potential enemy and encourage every traitor within our borders. For example, take the current course of two of our most conspicuous citizens—John L. Lewis and Henry A. Wallace. Mr. Lewis certainly is no traitor and it is not necessary to regard him as unpatriotic or communistic to hold that in inspiring hundreds of thousands of coal miners to strike he has dealt his country a hard blow at a particularly critical period.

WHAT he has done is to tie up the nation's basic industry, thus adversely affecting the railroads, steel mills and many other vital units of the economic system just when, in the interests of a foreign policy upon the success of which the fate of the world depends, it should be functioning perfectly. In addition, and for what seems an inadequate reason and on a minor issue, Mr. Lewis, in effect, flouts the President, defies the Government and not too well conceals his contempt for the courts.

IF these things happened when there were no war clouds in the sky they would be deplorable. But now, when it is so overwhelmingly important to convey to the world, and especially to the potential enemy, the picture of a strong, firm, united nation, it is hard to find words to describe them. It is even harder to do justice to the things Mr. Wallace is doing. There is no purpose here to compare Mr. Lewis and Mr. Wallace. They are as different as well can be. Mr. Lewis is infinitely the stronger and better man from whatever angle he may be viewed. But Mr. Wallace is going his country more damage. For, in effect, he has exposed the cause of the potential enemy to

such a degree that he has become its most valued friend in this country. Taking the Soviet side, he assails the President of the United States, the Marshall plan and our whole foreign policy with unrestrained violence. He is enthusiastically supported by the Communist organ, the Daily Worker, and in every state the Communists are the core of his organization and his most zealous workers. In effect, he has become the leading Russian propagandist, and, besides the Communists, every crackpot radical and opponent of the American way of life is marching under his banner.

IT IS an almost incredible performance. As his act develops, the impression grows that Mr. Wallace is a biased, embittered and unbalanced man, in a state of great mental confusion and without any grasp of realities. Certainly publication of the "Guru" letters have made it difficult to believe in the soundness of his intellectual processes. In addition, an increasing number of people are convinced of his insincerity. That such a man by such methods and with such support can poll enough votes to affect the result of the presidential election is most unlikely. Nevertheless, like Mr. Lewis, he is contributing heavily to the Soviet idea of a weak, disorderly and divided United States, thus adding greatly to the difficulties of effective operation of our foreign policy.

THOUGH these two men—Lewis and Wallace—are making the chief contributions to the disunity picture, there are other elements helping to give it credibility. Among these are the Democratic machine bosses and the pro-Roosevelt "liberals" who for their own not admirable purposes are viciously trying to discredit and tear down Mr. Truman, despite their knowledge that he probably will be nominated to succeed himself, and, at any rate, will be President until January, 1949. Under existing conditions it is distinctly not in the interest of the nation to make this kind of assault upon its head.

PERHAPS all these things and others—are inevitable under our (Continued on Page Five)

## The World and the Mud Puddles

## STOP PRINTING MONEY.

In addition to the comprehensive Marshall Plan, it now appears that certain administration officials would have the United States provide funds to support and stabilize the currencies of European countries. For this purpose it is proposed that we furnish dollars or gold. Secretary of the Treasury Snyder is quoted as hinting at this idea in a statement to the effect that there will be greater confidence in the currencies of these other nations "if there is gold in the hands of the central bank."

The United States already has subscribed the lion's share of the resources for the International Bank scheme devised at Bretton Woods. Its Import-Export Bank also has been empowered to use billions to help wobbly moneys in other lands. If the Marshall Plan is consummated, these countries will have several billions in credits. To supplement all this by advancing another twenty billion dollars for support and stabilization of their currencies would seem to be going slightly overboard.

While on the subject it might be mentioned that we have quite a job on hand just now to stabilize our own currency, which under inflation have lost a considerable measure of the value it had when the gold standard prevailed. Somebody in authority ought to recognize by this time that so long as the printing presses turn out more and more money, with twenty-eight billion dollars already in circulation, the dollar can hardly be expected to remain exactly stable.

Just for the novelty of the thing, why not devote at least a little time to our own problems, instead of taking on those of everybody else?

## Et Tu, Gallico

By PAUL GALICO

I have been asked by the chairman to arise and make a few remarks anent that annual cyclone which is about to strike our homes, known as Spring Cleaning. That period, lasting anywhere from two days to two weeks, during which the Little Woman goes fantee, filling the house full of strangers armed with dustcloths and brooms, moving the furniture about and generally raising Ned in the name of that which is supposed to be next to Godliness.

Unprepared as I am today I will be glad to oblige with a few words of sympathy, since advice may be considered superfluous. Surely by this time you must be aware that nothing remains to you but Hobson's choice. I am not quite clear in my mind as to exactly what Hobson's choice was, but I have a sort of a vague feeling that it refers to situations in which neither of the two outs are particularly pleasant nor can be said to solve the problem—like being chased into the river by a lion. You wish to avoid the lion, but the river is full of crocodiles. No, don't go casting eyes at that tree. There's a wildcat up it. Spring cleaning is like that.

You can go away, or you can stay home. If you go away you can avoid the effects of the earthquake going on around the old hearth, but when you get back you will find that a number of prized and greatly loved possessions have been found by the human blood-hounds engaged in tracking down the elusive dust mote and have been thrown out.

Items thus irretrievably lost will include that old casting reel in which the level divider has come off the track and which you were going to have a shot at repairing the first convenient Sunday afternoon; one old brassie with the slightly cracked clubface which you were going to speak to the pro about fixing up the first chance you got; one stained, dirty and crumpled fedora hat which was not a thing of beauty, but which was obviously lucky and magically activated because when you wore it on a fishing trip you sometimes caught a fish; one pair of shriveled up waterproof hunting boots no longer waterproof; four old burned-out pipes which you were never going to smoke again, but which you were keeping sort of as pensioners for services rendered in the past.

If you can live without those objects, your problem is simple, but what man would care to abandon old and tried friends to the unmercies of an unfeeling and un-understanding pack of female scavengers in the throes of the blinding madness of spring? Not you. Not I.

For the thing we have to face and recognize is that a woman is not a woman during this term of vernal upheaval, at least not in the sense of being the dear darling we wooed and wed and who has been sharing our joys and sorrows down through the years. She is, if you will pardon the expression, a little deranged at this time. She will give way to repressions and dare deeds she would not dream of at other seasons.

For fifty-one weeks of the year she will respect the hallowed possessions you have tucked away in corners of your domain, but on the fifty-second, when her aide-de-camp in the battle inquires, "Vat you vant aye do with dis box of yunk I find in dis closet?" she is quite likely to reply, "Oh, throw it out, Lena. It isn't any good anyway. My husband hasn't looked at it for the last eight years." And bingo, out goes that rusty lure on which you took that big striped barker in 1931, an assortment of very important keys for locks that have not been in existence since '29, two broken eyeglass frames, a bottle opener, your dog tags from the last war, three badly chewed up golf balls, a pocket comb with five teeth missing and a torn tobacco pouch. All of these articles are irreplaceable. When you raise Cain about losing them, she will be contrite and even shed a tear or two if you elevate Brother Cain high enough, but that doesn't alter the fact that your treasures are gone beyond recall and are, by the time you have discovered the loss, probably resting on the floor of the ocean, five miles out to sea, or wherever they dispose of junk.

The alternative to such tragedies is to stay in town and mount guard. This may be awkward and will probably conflict with your business appointments, but if you do not wish to lose your collection of treasures that has taken you years to put together there is no other way.

Well, that's the lion. The other end of your dilemma, the crocodile waiting for you in the river, is the fact that if you do stay at home you will find yourself chivvied from pillar to post, swept from one room to the other, no place to lie down, sit down, or stand up, or put anything. Familiar articles of furniture will no longer be recognizable due to dust jackets. Your desk will have been shifted into the bedroom. Your bed into the library, and the kitchen stove will be found in the bathroom next to the radio which will have been moved into the shower. Weird-looking females will stalk through the joint beating at things with brooms. And you can't take that, either.

The wildcat up the tree? Oh, that's the Missus herself until this spring madness has run its "pizen" course through her veins. (Distributed by McNaught Syndicate, Inc.)

**THE FOOLISH GRANDPA**  
The father has his work to do and wise he ought to be. The mother has a thousand cares that task her constantly. The aunts and uncles have their place and little duties, too. But happiest and easiest, the things that grandpas do. They're not supposed to think and plan and reckon with expense. A foolish grandpa's better far than one with common sense.

The sort of grandpa children need is not a graybeard stern. Their parents in good time will teach the lessons they must learn. The aunts and uncles ought to pay a visit now and then. And bring them toys, and promise more when next they call again.

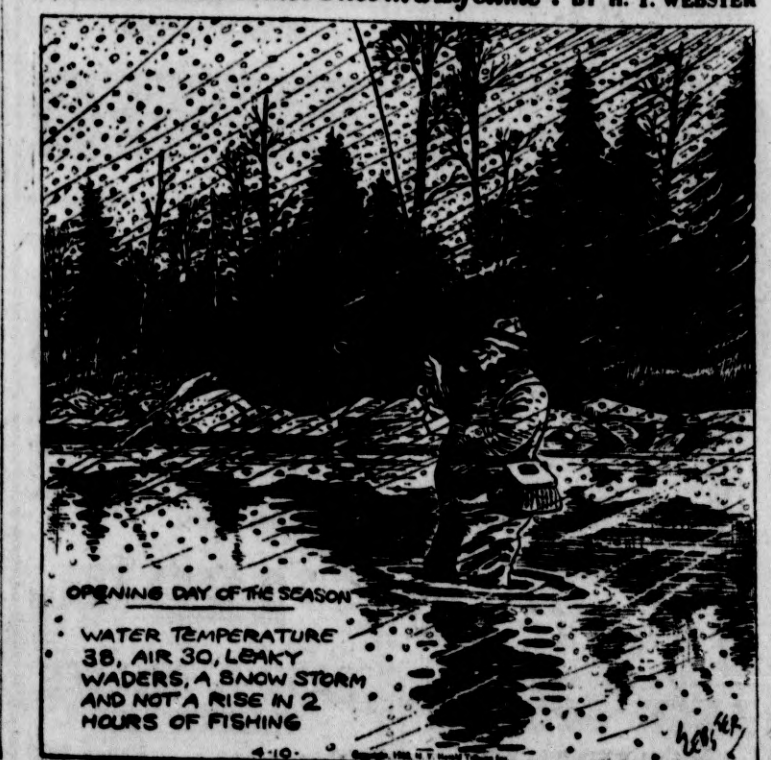

But grandpas have no rules to heed, no formula or plan. To keep the children happy they must do the best they can.

For grandpas it's the proper thing to let the wide world see. Not just how wise they are but just how foolish they can be. And all they ever have to learn and tell from day to day is what the children say and do and photographs display.

To others fall the heavier cares. I'm glad it's left to me to be their grandpa and to show how foolish I can be. (Copyright, 1948, Edgar A. Guest)

Settlement In  
Leivo Suit Made

Local Contracting Firm  
Agrees To Settlement Of  
\$4,000 For Bridge  
Repairs

ELLWOOD WOMAN  
WINS DAMAGES

Just as the suit of Matthew Leivo, T. M. Leivo, and U. A. Leivo, partners doing business as Matthew Leivo and Sons vs. the County of Lawrence was called for trial Friday, a settlement was reached in the case, the plaintiffs agreeing to take \$4,000, which the county commissioners offered, rather than face the costs of the trial.

The action in assumption was brought by the contractors, when the county controller refused to pay their claim for \$10,493 for extras on the repairing of the West Washington street bridge, which had been agreed to by the old board of county commissioners. Originally, the Leivos had been awarded a contract for repairs to the bridge at a price of \$7,840 on June 26, 1945. After the work had been started, it was found that some of the bridge work was in a bad condition and would need some extra repairs. The commissioners agreed to permit them to go ahead with the work, but did not let an additional contract.

When payment was refused, the contractors brought suit to recover the full amount claimed. Later they had agreed to a compromise of \$5,000, which the commissioners would not accept, and the case was finally set for trial at this week's term of civil court.

The case was discontinued after the agreement to settle in the above amount was reached yesterday.

**ELLWOOD WOMAN WINS SUIT**  
Mrs. Daisy Stewart, of Ellwood City, was awarded \$1,000 and her husband, Ralph Stewart, the sum of \$238.50, by a jury in civil court yesterday. The G. C. Murphy Company was the defendant.

The plaintiff charged that she was in the Murphy Store, in Ellwood City, and that the floors of the store had become wet from snow which had been falling outside. As she was walking through an aisle in the store, she claims that she was jostled by the manager, causing her to fall to the floor, and injuring her shoulder.

**FIND FOR DEFENDANT**  
In the suit of Donald B. Power

vs. George R. McClymonds, in which damages in the sum of \$226.45 was asked as the result of an alleged automobile collision on Route 488 in Perry township, four miles this side of Portersville, the jury found a verdict in favor of the defendant.

**CASE NON-SUITED**  
In the action in ejectment, brought by Charles Joseph and Jennie Joseph, his wife, vs. Marion Rotunno and Anna Rotunno, his wife, a non-suit was directed by Judge John G. Lamoree.

The non-suit was ordered because of a previous action which had been brought by the Rotunnos against the Josephs, in which a verdict was returned for the Rotunnos. The trouble started over the fact that some time in the past, the boundary line between the properties owned by the Josephs and Rotunnos was not clearly established, two separate surveys having been made. Although their deeds called for so much ground, there was not enough in the two plots to make the amount called for.

This resulted in much bickering between the two families. As the result of the previous trial in September, 1945, the line between the two properties was fixed and determined. An appeal was taken from the judgement of the lower court to the superior court, wherein the judgement of the lower court was affirmed, and the said line was fixed and determined at that time.

**PRISONERS TO FARE BETTER**  
After a hearing conducted Friday, Sheriff Frank L. Coen was granted an increase in the allowance for the care of prisoners from 60 cents to 75 cents per day. The sheriff claimed that he was no longer able to maintain the prisoners at the old price. The per diem cost of maintenance had been increased from 45 to 60 cents per day in 1946, and reflects the rapid manner in which costs have risen since the close of the war.

**YOUR HAIR-DO**  
"The center part is coming back. This is a hair style that has always fascinated me. Please outline the types of faces that can successfully withstand this kind of coiffure."

Answer: It is extremely difficult to wear. Most of us, except a fortunate few, look at our best with a side part.  
When the hair is parted in the center, so if your face is round or if you are wide across the cheekbones, you had better not try this sure way of adding breadth. This style of hair-do is recommended for women whose faces are long and slender as it will give them the appearance of greater facial width.

If your nose is long or your features irregular, the center part will but increase these defects. In my own opinion, only a beautiful or near-beautiful woman—one with cameo features—can successfully adopt this kind of coiffure. So, if you try it and receive quizzical glances from your friends "who won't tell you" you had better change back to the common, garden variety—the side part. You will then know, if you don't already, that you are not the center-part type.

Question: Does it matter which arm a wedding usher offers to a guest? Some say right arm and others say left.  
Answer: For purposes of convenience, it is usual for a wedding usher to offer his right arm to a woman to be seated on the right side—the groom's side of

the church—and to offer his left arm to a woman to be seated on the bride's side—that on the left. However, it is not a serious matter but more a matter of convenience.

GREAT GAME OF  
POLITICS

(Continued from Page Four)

system. In a population so vast probably one ought to realize that bad as these things seem they can be—and in the past always have been—overcome by the inherent really great qualities of the nation. Nevertheless, no one now living can remember any national crisis quite as acute, nor for many reasons quite as dreadful as the one we now face. It does seem that this

unprecedentedly grave situation should compel a little more precursory unity than we have. As for the assertion that once disaster occurs, industry and labor do a "superb job" there is not space here to disprove that. But it can be disproved.

## BEQUEATHED LETTERS

WASHINGTON, D. C.—(INS)—The private letters of Martin Van Buren, eighth president of the United States, have been bequeathed to film actor Glenn Ford, a direct descendant. The actor plans to send the collection to the Library of Congress.

**HELPFUL HUSBANDS**  
LONDON.—(INS)—A husband need not be "great, brilliant, nor rich" according to the Rev. Allen Turnbull of St. Catherine's, Higher Trannmere, Cheshire. But, insists Rev. Turnbull, he must be "good, true, tender, industrious, sober, pure, patient and helpful." Rev. Turnbull put the accent on "helpful" by telling his "Marriage Reunion Service," that all husbands should be "actively helpful."

The Russian's policy, says a new analysis of his intentions, is one of no overt moves, but watchfulness. As to whose watch, it is not specified.

Introducing the service a million  
car owners asked for: **COMPLETE  
SAFETY CHECK-UP**

HERE'S the answer to today's increasingly hazardous driving conditions—a scientific analysis of your car designed to prevent dangerous conditions from developing.

Our specialists will go over every inch of your car, checking brakes, steering controls, wheel alignment, lights, visibility conditions, and every other item on which the lives of your family may some day depend. Many kinds of trouble may develop without giving warning—except to a highly trained mechanic. Our service is the surest way to prevent this.

Have us make a Complete Safety Check of your car at regular intervals. Today isn't too soon to start.

THE ONLY STORE IN TOWN THAT HANDLES  
ONLY SACRED RECORDS AND ALBUMS

**Sacred Records**  
Outstandingly versatile among radio's musical groups is the **Harvard Family** which has a record of more than 500 Coast to Coast radio broadcasts and personal appearances. Their unusual arrangements of this album of old favorites have found broad appeal everywhere.

One of the newest but best known additions to the Sacred Roster of artists is the **Old Fashioned Revival Hour Chorus**. This group is heard weekly on 7,000 outlets throughout the world.

Millions of radio listeners have been thrilled and blessed by the singing of this world famous quartet of **Kenneth Nelson, Charles Turner, Robert Bowman and Ernie Payne**. **Lois Whitney** furnishes the organ accompaniment.

Here on the organ **Lois Whitney** repeats his stellar performance of Volume I, **The Chimes**. Both the **Chimes** album and this have won wide acclaim for **Whitney** among music lovers.

"**Noah and the Ark**" album is a thrilling, entertaining story with **Ed Coleman**, the **Bible Story** man, narrating. Sound effects help to provide realism both to "Noah and the Ark" and the companion story, "Lot's Wife."

Internationally known for Southern style singing, the **Stampa-Baxter** mixed quartet has recorded no most often requested numbers for your listening pleasure.

Thousands of radio listeners have heard the **Young People's Church of the Air** Quartet and it is from the most often requested numbers that this album has been compiled.

## California Man At City Youth Rally

New Castle Youth For Christ Programs Continue At First Baptist Auditorium

Rev. R. L. Stevenson, representative of the Charles E. Fuller Foundation of Pasadena, Calif., will be the featured speaker this evening at 8 o'clock in the First Baptist church, North street, during the Youth for Christ rally there.

Rev. Stevenson, before his affiliation with the Fuller Foundation, was a pastor in Butler county and other churches of this area. He is a young man and has a message of interest to the youth.

The special music on the program will be presented by young people of local churches both vocally and by instrument. Rev. George Fissel will direct the program.

On Saturday evening, April 17, Youth for Christ will present Rev. Franklin Krall, the country preacher and his staff which includes the well known Mr. and Mrs. Mervin Boyle, vocalists and instrumentalists.

"Golgotha," a sound motion picture, will be shown Sunday evening, April 11, at 7:45 o'clock in Central Presbyterian church. This is a French production of the last days of Christ and follows the true story of the New Testament. Reverence, power and beauty are used in depicting the various scenes in the life of Christ.

"Golgotha" is one of the most important productions since the birth of motion pictures. Well-known American actors have substituted the English dialogue for the original French. The musical score is an added feature of the picture. It requires 93 minutes to show the production. A free will offering will be taken Sunday evening.

On Sunday evening, April 11, religious film "Beyond Our Own" will be shown at the Wampum Methodist church at the 7:45 service. This film is considered by many leaders in the religious field to be the best of its type ever produced. The response to it by the church people all over America has been such that the Protestant Film Commission—its producers—have plans for a new series of films on different phases of religious life.

This is indeed a treat for us, so we urge you to not miss the opportunity of seeing it.

## Methodist Youth To Go To Grove City

The Grove City district Methodist Youth Fellowship will hold its spring rally Sunday afternoon and evening at the Grace Methodist church in Grove City.

Registration will begin at 2:30 and the program starting at 3 o'clock.

During the afternoon a business session will be held at which time district officers will be elected. A lunch will be served under the direction of the host church Youth Fellowship.

The evening service at 7:30 will begin with a worship service directed by Miss Muriel Smock of Sharon. Dr. T. H. Morris will install the new officers. Members of the Croton avenue Youth Fellowship will present Kenneth Sawyer Goodman's religious drama, "Dust Of The Road."

The rally has been planned under the direction of Rev. Owen W. Shields of the Croton Avenue Methodist church, who is the director of youth work for the Grove City district. It is expected that large delegations of youth from all of the Methodist churches of New Castle and other churches of the district will be present.

## Missionary Series At New Wilmington

The annual missionary convention and Bible conference of the New Wilmington Christian and Missionary Alliance church will get under way Wednesday evening, April 14, and continue through Sunday, April 18.

Three speakers will be heard nightly, namely: Rev. E. R. Patterson, evangelist; Mrs. H. L. Pierson, Congo, Africa; and Mrs. W. J. Breidinger of French West Africa. Pictures of the mission fields will be shown during the conference.

**Sampson Alliance Series Will Open**  
A special series of evangelistic meetings will open Sunday morning at the Sampson street Christian and Missionary Alliance. It is announced by the pastor, Rev. E. R. Truran.

The speaker for the first week of the Bible conference is Rev. S. Grant McElwain of Butler, Pa., while during the second week from April 18 to 23, Rev. M. J. Boyd, pastor of the DuBois Alliance church, will speak. The services begin nightly at 7:30, with special music each evening.

**Four Duffle Bags For King's Chapel**

The most recent request for duffle bags to be filled with clothing for overseas relief has come to the Lawrence County Sabbath School Association from the King's Chapel Methodist church and Bible school.

Mrs. Scott Cox, R. D. 3, who requested the bags for the school, reported that they have collected enough clothing, shoes and other items to fill the four duffle bags requested.

The clothing will be sent to the Service Center in Maryland to be processed before being sent to those in desperate need overseas. The Lawrence County Sabbath School Association that is sponsoring the campaign for overseas relief in the county, is responsible already for several tons of material being sent to Maryland.

**High School Choir Will Sing Sunday**

Robert A. Duff and the cappella choir of senior high school will present a sacred concert in First Methodist church Sunday evening at 7:30 o'clock. Mr. Duff and the senior high school choir have won well deserved recognition as one of the best in the state. The large choir left at First Methodist church and the worshipful atmosphere lend themselves to a successful concert.

**REV. SULMONETTI ON MINISTERS' HOUR**  
Rev. F. P. Sulmonetti, pastor of Christ Methodist church, will conduct the New Castle Ministerial Hour on local radio station WKST Sunday afternoon, April 11, at 2:30 o'clock. He has chosen "Christ Lives" as his sermon theme. The young people's choir of the church will assist in the service with Earl Sulmonetti as violinist and Mrs. F. P. Sulmonetti as director and pianist.

## M.D. Degree Is Conferred

George Grant Stitzinger Graduated From University Of Pittsburgh Medical School

With the conferring of the degree of doctor of medicine, George Grant Stitzinger, of this city, was graduated from the University of Pittsburgh School of Medicine on Friday, April 9.

Dr. Stitzinger received his bachelor of science degree from the University of Pittsburgh in 1944 and continued with post-graduate pre-medical studies at the University of Michigan and the University of Pittsburgh.

In 1947 he was elected to Alpha Omega Alpha honorary medical society.

Dr. Stitzinger, who is the son of Mrs. George G. Stitzinger, of 305 East Falls street, and the late Mr. Stitzinger, will begin his internship July 1 at Wesley Memorial hospital, Chicago, Ill.

**MILK BOARD HEARING**  
HARRISBURG, April 10.—(INS)—The milk control commission has fixed a hearing at the state capitol April 15 on a milk order for the Pittsburgh marketing area.

Chairman H. N. Cobb said the order would be disclosed Monday. Milk sells for 20½ cents in the 12-county area.

In orders affecting other areas, the board has ordered one cent a quart reductions during May and June.

The area embraces Allegheny, Armstrong, Beaver, Butler, Fayette, Lawrence, Mercer, Venango and Washington counties and parts of Clarion, Crawford and Westmoreland.

## State Opens Bids On Highway Work

Prospect of early construction work being begun on the relocation of Route 422 at the Lawrence county line north of Portersville at the intersection of Route 19 is seen with the announcement today from Harrisburg that unofficial low bids have been opened in the State Highway Department offices in Harrisburg for the work.

Johnson, Drake and Piper, Inc., of New York City were the unofficial low bidders on the job with their bid amounting to \$3,423,293 for construction of 12.66 miles of concrete highway on U. S. Routes 422 and 19 in Prospect borough, Slippery Rock, Worth, Muddy Creek, Franklin and Connoquenessing townships in Butler and Lawrence counties.

The state plans to by pass Portersville in the reconstruction of Route 422 with the new highway emerging back on to the site of the old highway in the vicinity of Mt. Chestnut.

Plans are already under way by the Harrisburg office for the reconstruction of Route 422 from East Washington street in the city to the Butler county line. The work will make much needed improvements in the city and county.

To Meet April 21

On Wednesday afternoon, April  
14, at 4 o'clock the Grey Wing pa-  
trol of Girl Scout troop No. 30 will  
meet in Mt. Jackson high school.

They will bring used clothing,  
clean and mended, for ages from  
babies to 14 years of age, either  
boys or girls. This clothing will  
be placed in kits and forwarded to  
the Girl Scouts national center for  
distribution among the destitute of  
Europe.

The Sherwood patrol will meet  
at 7:30 Thursday evening, April 15,  
at Mt. Jackson high school, when  
there will be square dancing. Some  
of the girls' parents will be present  
to cooperate.

On Thursday evening last, Grey  
Wing patrol continued folk dancing  
and rehearsed songs for the dads,  
mothers and daughters banquet to  
be given on May 13 at the Cathed-  
ral. Troop No. 30 will have charge  
of the flag ceremony at that meet-  
ing. On Tuesday, Sherwood patrol  
did some round and square dan-  
cing, and continued with class work.  
Mrs. Fred Jenkins was in charge of  
round dancing, Joan Paden and as-  
sistants of the square dancing.

The troop committee will meet  
Wednesday, April 21, at the home  
of Mrs. W. W. Bell, Enon Valley-  
Mt. Air road.

## Albert Marrangoni Gets M.D. Degree

Testimonial Dinner To Be Ac-  
corded Local Physician  
Sunday Evening

Albert George Marrangoni, a  
local young man to be graduated  
from the University of Pittsburgh  
Friday afternoon at 4:30 o'clock,  
received his M. D. degree, the ce-  
remonies being held in the Stephen  
Foster Memorial hall, Pittsburgh.

Dr. Marrangoni was one in a class  
of 75 medical students to receive  
degrees.

Dr. Marrangoni, son of Mr. and  
Mrs. Paolo Marrangoni of 1509  
Jackson avenue, will be tendered  
a testimonial dinner Sunday eve-  
ning at the New Penn hotel, his  
parents to be hosts. Approximately  
125 friends and relatives are  
expected to attend the dinner-  
program scheduled to start at  
6:30 o'clock.

An academic graduate of the lo-  
cal New Castle high school in  
1941, Dr. Marrangoni later com-  
pleted his undergraduate studies  
at the University of Pittsburgh,  
preparatory to entering the univer-  
sity's four-year medical course in  
1941. He completed his studies  
during the war's accelerated pro-  
gram under the G. I. Bill. The  
local youth's medical studies were  
interrupted during 1944 when  
from February until November he  
assumed duties in the U. S. Navy,  
serving at the Great Lakes Naval  
Training base and at San Diego,  
Calif.

Noted for his athletic achieve-  
ments while at the University of  
Pittsburgh, Dr. Marrangoni was  
active in varsity football from 1941  
until 1943 and varsity track in  
1943. He is a member of the Al-  
pha-Phi-Delta and Nu Sigma Nu  
fraternities, students' medical so-  
ciety, and in addition is a member  
of the Association of American  
Physicians and Surgeons.

In March of this year he com-  
pleted his junior internship at  
Shadyside hospital, Pittsburgh,  
and on July 1 will start his in-  
ternship for a year at Mercy hos-  
pital. In the meantime he will be  
active for a few months at the  
Homestead hospital, Homestead,  
Pa.

At the completion of his senior  
internship the young physician  
plans to build his future practice  
in the interest of his many friends.  
His office then will be opened for  
general practice.

### CLOTHING CARE SAVES MONEY

One of the greatest secrets of  
economy and good appearance is  
the proper care of the clothes you  
have on hand.

Different garments and different  
types of materials require individ-  
ual methods of care. However,  
the care of clothing can be di-  
vided into three separate classi-  
fications: First, the general care  
which includes storing, airing,  
hanging, brushing, pressing, and  
repairing. Second, occasional care,  
such as laundering and dry clean-  
ing. Third, seasonal care which  
includes storage of out-of-season  
clothes to protect them from dust  
and moths.

Clothes should be aired thor-  
oughly before they are hung in the  
closet. Hang them near a window  
or out-of-doors. Airing will freshen  
the garment, help to remove body  
odors, and air in restoring the gar-  
ment to its original shape.

A good hanger to keep garments  
looking their best is one with the  
same slope as the shoulders of the  
garments, and is the same width  
as the shoulders of the garment.  
Brushing a garment after you  
wear it helps preserve its appear-  
ance; it fluffs up the nap and helps  
eliminate shine, especially in  
woolens. When clothes are hung  
properly and brushed often, less  
pressing is needed.

As soon as rips, tears, holes,  
and weak spots appear in a gar-  
ment, repair them. Make repairs  
immediately to avoid more work  
later and to lengthen the life of  
the garment.

Before laundering soiled clothes,  
remove all stains. Take garments  
that are not washable to a dry-  
cleaner you know is reliable.

### SMART COUPLE

HUNTINGDON, Pa.—(INS)—A  
husband and wife, both veterans  
of World War II, recently were in-  
cluded on Juniata College's honor

## Telephone Gets Two Into Trouble

Clyde and Dewey Rineman, Ne-  
shannock Avenue, each drew a five  
days jail sentence in police court  
this morning.

It appears the brothers were in-  
toxicated yesterday and contin-  
ually called police headquarters  
via telephone.

Warned to "hang up," they con-  
tinued their tactics, hence they  
were placed under arrest.

When sentenced by Mayor John  
F. Haven, one of them remarked:  
"I'm going to have the telephone  
removed."

## Dr. Edwin McCombs To Receive Honor

Local Physician To Be Honored  
By Medical Society On  
April 15

A local physician who started to practice medicine here in the horse and buggy days and who purchased his first automobile in 1908 to "answer his calls," will be honored for 50 years of service in the community, Wednesday, April 14.

Dr. Edwin C. McComb, of 402 East Moody avenue, will be presented with a certificate of merit, at the meeting of the Tenth Council district of the Pennsylvania State Medical Society, at The Castleton.

Dr. McComb will be honored at this all-day meeting together with practicing physicians in Allegheny, Beaver, Lawrence and Westmoreland counties, who have reached their 50th year service.

Dr. McComb, born in Alliance, O., September 3, 1870, recalls the slow pace of traveling in those days. The practice of medicine has undergone a great many changes in the last 50 years. Of late, the progress has been so rapid and extensive that he believes it is almost difficult to "keep up with it."

Dr. McComb received his medical degree in 1898 upon graduation from Western Reserve University at Cleveland, O. He attended the post-graduate studies in Philadelphia. In 1898 he came to New Castle, as a resident physician at the Shenango Valley hospital, which since has been razed. A year later, Dr. McComb opened his offices in the city and has been practicing ever since. At present he is still in general practice, at his office, in the Greer building.

## Garbage Trucks To Haul Rubbish

Sanitary Director Richard I. Davis today ordered garbage trucks to haul away tin cans and other rubbish dumped by persons unknown at different points in the city.

The sanitary division of the city consists of one officer who is utterly unable to do the work himself, hence Mr. Davis ordered garbage employees and trucks into service.

## Local Biographies

(Thirty-ninth of a Series)

AUSTIN A. WEBB

Austin A. Webb is probably the most "available" man in New Castle.

The retired Bell Telephone employee (he left the utility after 39 years of service in 1945) has done Herculean civic work in the community, a leader in so many projects that whenever a city campaign is engineered, his name always is immediately placed on the list of workers.

Since his retirement Mr. Webb has turned all his talents towards this field. He just recently accepted the temporary secretary-treasurership of his church—the First Presbyterian, but finds time to lend a hand in any effort for the betterment of New Castle.

Austin Webb was born in Harrisburg, August 12, 1880, the son of Mr. and Mrs. Joseph J. Webb. His father was a millworker when Austin was just a boy the family moved to Scottsdale. While attending school he learned the barbering trade, working in the evenings at the tonsorial art, and eventually had his own shop for a number of years.

His entrance into utilities was with the Tri-State Telephone company as a hole-digger in 1904. After two years with this company

he went with the Bell system, starting out as a construction worker and advancing through the positions of cable crewman, installation man, trouble-shooter, central office repairman and finally plant wire chief, a post he held here upon his retirement. His work took him to Uniontown, Connellsville, Latrobe and New Castle. He came here in 1930.

**Married Gertrude Hess**  
Mr. Webb married the former Gertrude Hess of Uniontown and is the father of four children. They are Harold, in the insurance business in Uniontown, William, an attorney in Pittsburgh, Raymond, at the A. T. & T. repeater station in New Castle, and Olive, an employee of the Standard Steel Spring company.

The civic leader is the publicity chairman of the American Red Cross chapter, secretary of the City Rescue Mission and president of the Department of Public Assistance board. He has associated himself with the Community Chest campaigns for a number of years and was the successful leader of two large efforts which netted food and clothing for stricken peoples in foreign lands.

He is a member of the Masonic Order and is an ardent baseball and football fan.

People such as Austin A. Webb are strong bulwarks in the foundation of a community's structure. His ability to administrate and accept leadership makes him an invaluable asset to the city. He is one of a relatively few individuals who is always on call for free volunteer work—his eyes set on a better New Castle.

## Mechanical Men Confer In Philly

Representatives Of 250 Newspapers In State Meet; Discuss Problems

PHILADELPHIA, April 10.—(INS)—More than 250 newspaper publishers, production executives, foremen and department heads met Thursday in Philadelphia for the 10th annual mechanical conference sponsored by the Pennsylvania Newspaper Publishers association.

Delegates represented newspapers in Pennsylvania, New Jersey, Delaware, Maryland, Virginia and lower New York state.

The PNPA said the two-day program was designed to "acquaint publishers and their executives with every possible means of offsetting increased cost of production by more effective operations in the composing room, press room and other mechanical departments."

Demonstrations of materials and devices used in substitute printing processes, such as called into play by some strikebound newspapers, will be under the supervision of E. O. Davies, mechanical superintendent of the Harrisburg Patriot and Evening News.

**Photo Engraving**  
Photo engraving and photography will be discussed by M. Dewitt Ray, co-publisher of the Indiana Evening Gazette, and David L. Miller, publisher of the Tamaqua Courier.

A session on composing room practices will be handled today by Nicholas M. Feldman, mechanical superintendent of the Chester Times and C. E. Hummel, plant superintendent of the Hagerstown, Md., Herald and Mail.

George C. Stevens, mechanical superintendent of the Scranton Times, and R. C. Crammer, business manager of the Williamsport Grit, will have charge of tomorrow morning's press room and stereotyping sessions.

Paul W. Driscoll, mechanical superintendent of the Connellsville Courier, and G. T. Wegemer, mechanical superintendent of the St. Marys Press, will have charge of the closing session tomorrow afternoon, the PNPA reported.

## Reserve Officers Get Clubrooms

Headquarters For Local Chapter Will Be Established In New Frew Building On Diamond

Final arrangements have been made by the Lawrence County Chapter of the Reserve Officers association to move into new club rooms in the Frew Building on the Public Square in time for their next meeting, the 13th of May. Club members, under the supervision of Charles W. Nolan, will devote considerable time before that meeting on re-decorating the rooms. These arrangements were announced at the regular monthly meeting of the local chapter which was held in The Castleton last night.

President Herman W. Green appointed the executive committee for the following year which consists of the following committee chairmen: publicity, Walter K. Conover; finance, Robert A. Young; information and legislation, Robert Jamison; membership, Waldron Curley; air forces, James B. Foster; and program, Vincent Wadlinger.

Lt. Ernest DeJoseph, unit instructor for the local Organized Reserve, gave a brief resume of the latest developments in the reserves.

Plans were completed for sending Waldron Curley as a delegate for the chapter to the state convention which will be held in Washington, Pa., later in the month.

Entertainment and refreshments followed the regular business meeting.

## S.P.E.B.Q.S.A. To Meet Sunday

The dusky diva from Philadelphia said: "I can't sing a note. I simply talk to music."

The thrush whose phonograph records sell by the millions is the most expressive chanteuse in the current cabaret scene. Also the movies.

"Movies" is more explicit: she "sings" with her eyes, hands, hips and practically every other portion of the human anatomy. And nature endowed her with an ample sufficiency of the latter.

**Pearl Real Gem**  
Pearl is the present-day gem of Paramount studios, emoting and crooning in a picture called "Isn't It Romantic?" to the tune of a couple thousand bucks per week.

Ten years ago Pearl Bailey was knocking down the munificent salary of \$7.50 every seven days touring the coal mining communities of Pennsylvania and West Virginia.

Her style and sophistication developed considerably in the subsequent decade—but there certainly has not been enough change to explain the several grand she now collects each week.

Pearl said: "I don't get it. I've been doing exactly the same thing since 1936."

"If someone would tell me what all this fuss is about I'd be happy. Frankly, I don't like my singing. I don't own a single record that I've made. I can't figure it all out."

The shapely songstress, born in Virginia but raised in Philadelphia and Washington, D. C., is the sister of the once-famous Hooper Bill Bailey.

Pearl, who still would rather dance than sing, explained: "Bill danced for 18 years. Then one day he quit. Said he had suddenly seen the light. He's a reverend now."

The Bailey babe, who won the recent Donaldson award as the best newcomer for her performance in "St. Louis Woman" on Broadway, was one of the first entertainers to sign up for USO junkets during the war.

One tune she sings in her latest flicker is "I Shoulda Quit When I Was Ahead."

"That's what I'm gonna do, too," she said. "I'm taking my cue from that song title. Know of a nice peaceful farm back east that I got plans about."

**MARRIAGE RESULTS**  
WASHINGTON, Pa.—(INS)—Marriage and family responsibilities are not a hindrance to good performance in academic work at Washington and Jefferson College. When Dean Edward Davidson released the official "Dean's List" of students who made an average of 2.25 in their academic work for the past semester, the names of 23.2 per cent of the married students at W. & J. were on the list. An average of "three" is perfect.

# Annual Appomattox Day Dinner Enjoyed By G.A.R. Ladies

Dr. R. M. Patterson Speaks Briefly On Occasion Of Eighty-Third Anniversary Of Day

Daughters and granddaughters, nieces and cousins of Civil War veterans, assembled Friday for a dinner and brief program to mark the eighty-third anniversary of the establishing of Appomattox Day, the day on which General Lee surrendered to Gen. Grant of the North at Appomattox, Va.

The dinner and program took place at noon in the Malta hall, where the ladies, most of whom are past their allotted three score and ten, have gathered in similar fashion for many years. Although diminishing in numbers, as have the actual survivors of that war between the North and the South, the fervor and zeal of the kin of the vets has not waned.

Responsible for the success of the occasion for the past 20-odd years is Mrs. Minnie Mayers, of Scott street, one of the leaders of the Ladies of the Grand Army of the Republic. Mrs. Mayers sees that ample food will be on hand through the courtesy of the members of the organization and arranges for speakers for the program.

Following the dinner Dr. Robert M. Patterson, pastor of the Central Presbyterian church, spoke briefly on the significance of the day and expressed his wish that men and women of this day would

put exquisite trust in the Prince of Peace. The address was well received by the guests. Called upon also was Sara Dana Falls Davis, whose father served in the Civil War. She related some choice incidents that her father had told her of events that took place in the Civil War. She also told of how New Castle played an important part during that period.

Emett Kurtz represented the Spanish-American War Veterans, speaking briefly. Mrs. Florence Hoover read a poem on the American flag. Mrs. Mae Patterson represented the Relief Corps, and Eva Sherry represented the Gold Star Mothers. Mrs. Mae Hammond presided at the piano during singing of opening and closing numbers.

It is anticipated to have another such dinner in 1949, marking the 84th anniversary of the day.

## Urges South Escape Single Party Yoke

ROANOKE, Va., April 10.—(INS)—Sen. Knowland (R) Calif., urged the south to "escape from single-party captivity" today in an address before the Virginia State Republican convention.

The West Coast Republicans in a speech that seemed aimed at giving impetus to the Dixie Democratic revolt, declared that it would give the south a stronger voice in framing national platforms and policies, and in representation on the ticket and in the cabinet.

**DAUGHTER MISSING**  
Mrs. John Tyler, West North street, last night reported her 17-year-old daughter, Jane, missing since April 8. Police are searching for her.

Hickory township volunteer fire department has been added to the county list of rural units who now own modern fire-fighting equipment. The Hickory department brought their new vehicle from Logansport, Indiana this week, a party of seven making the trip to the midwest city to pick up the truck. Shown inspecting the truck and its accessories are, left to right: Ted Warnock, Norris Boyles, Tom West, Jr. (fire chief) and Jack Houston.

Lawrence County Vulture No. 81, 40 and 8, will have a special promenade at the Legion Home, Tuesday evening, April 13, at 8 o'clock, when a number of important matters will be up for discussion and action.

Included is the election of delegates and the June Caucus, of the Northwest District meeting to be held here, and the entertainment for the patients of Deshon Hospital, which will take place on May 18.

## Lt. McCann Greets Mother From Plane

Mrs. J. H. McCann of West Clayton street, Mahoningtown, reports that her son, Lieut. James Arthur McCann of Naval Air Corps, flew this morning, over their home. He roared over, calling his mother's attention, and waved to her, later calling her by phone from New Castle airport, where he landed.

Lieut. McCann was enroute from Atlantic City to Pittsburgh, then to New Castle, and left for Akron, Ohio.

**INVESTIGATE ACCIDENT**  
State police today were investigating an accident seven miles west of New Castle on Route 224 at 11:05 p. m. Friday.

T. H. Brown, 105 Richlieu avenue, reported he was driving west and while passing a truck, the latter swerved toward him.

This caused him to lose control of his car which left the highway and overturned several times in a field.

## Relief Money Not For Liquor

Mothers who receive public assistance, and who spend their money for drink, are to be reported to the organization, according to a warning issued by Mayor John F. Haven to a mother who was in police court today.

"I had a case yesterday which I investigated and found the woman received \$76 monthly," the mayor stated.

He said he was strongly opposed to persons receiving assistance when it was used to purchase liquor.

Although the non-white population of the United States is only about 10 percent of the total, it contributes at least a quarter of the tuberculosis deaths in the country.

Photographs of Stock Exchange strike rioting show lots of New York City policemen on the scene. The situation sure looks bullish.

## RUSSIANS ACCUSED OF LOTS OF THINGS BUT THIS TOPS ALL

ATLANTIC CITY, N. J., April 10.—(INS)—Russia has been accused of a lot of things, but today the Soviets are charged with taking the lace right off of milady's pants.

Dr. Robert Reiner, president of Robert Reiner, Inc., of Weehawken, N. J., traced the shortage of important Schiffler machines for embroidery to the fact that "all the centers of production in Saxony have been taken away by the Russians".

Reiner told 500 delegates to the Schiffler Embroidery Manufacturers convention that attempts to regain the American-owned machines from the Russians have been fruitless.

## DO MOTOR TRUCKS PAY THEIR WAY OVER PENNSYLVANIA HIGHWAYS?

Highways are made possible by tax moneys collected from those who use them. Motor trucks use the highways of Pennsylvania. Do they pay their fair share of taxes to build and maintain them?

As of February 1, 1948 there were registered in Pennsylvania, 405,142 trucks and 76,055 trailers, a total of 481,197 units. The trucks paid license fees of \$14,320,857, the trailers paid \$1,036,553, a total of \$15,357,410 in license fees. All passenger cars registered paid \$18,918,516, for license fees.

The average use of gasoline for trucks is about 100 gallons per month per truck. The taxes paid for this gasoline in one year approximates \$19,546,816. The total tax money paid in one year including license fees and gasoline tax is \$34,904,226.

Roughly that is \$35,000,000 per year paid in motor taxes by the motor truck industry, in Pennsylvania. Does this indicate the motor trucks pay their way?

## State Capitol

Parties Must Poll  
Two Per Cent VoteCIO Criticizes AFL For Op-  
position To Independent  
Republican CandidateTAFT INVITED  
TO AFL MEET

HARRISBURG, April 10.—(INS)—The general election November 3 means more than possible election of candidates to four independent "parties" that will be listed on the ballot in Pennsylvania. It will be their opportunity to qualify as legal, privileged parties under the Pennsylvania election laws. To be accorded full party status, similar to Republicans and Democrats, they must poll at least two per cent of the highest vote in each of 10 counties and two per cent of the highest vote for any elected state-wide candidate polled state wide. Those attaining the goal may participate in next year's primary election throughout the state. The independent parties are Henry S. Wallace's Progressive party, the Prohibitionist, Industrial government and Militant Workers parties. They can be recognized as a party and accorded a party's privileges in any county in which they poll at least five per cent of the largest vote cast for an elected candidate. But in such case, their status would be limited to the county.

The Pennsylvania Industrial Union Council (CIO) thinks the AFL's Central Labor Union in Harrisburg acted in poor judgment when it publicly announced opposition to Walter Mumma, Harrisburg businessman seeking the state senate nomination over Republican State Chairman M. Harvey Taylor. The CLU reported no action regarding Taylor who has repeatedly pushed legislation considered by labor groups to be "anti-labor." A PLUC spokesman said the CLU's denunciation of Mumma, who once obtained an injunction against striking workers, appeared to "whitewash" Taylor.

James L. McDewitt, president of the Pennsylvania Federation of Labor (AFL) was taken to task by a rank and file union member during a recent political action meeting at Harrisburg for inviting U. S. Sen. Edward Martin to speak at the AFL's annual convention. "Do you think we're doing ourselves a worthy thing by having him

speak?" the man asked. "I don't think so." He vehemently denounced Martin's endorsement of the Taft-Hartley act. Another delegation to the meeting explained it was policy to invite both of the state's senators and the governor to speak at the session. The conference will open May 3 in Pittsburgh. McDewitt explained that the "principle reason for inviting him is to have him tell us why he voted for the Taft-Hartley act."

Pennsylvania's highway experiments may result in more houses in far off India. The department received reports that its laboratory methods for experimenting with cement stabilization for farm-to-market roads is being used in a housing project in East Punjab province. A visiting engineer told a department employee recently in a letter that he has developed a technique for low cost housing construction from methods witnessed while observing work in the state highway laboratory. The Indian engineer returned home, established a laboratory and proceeded to set up operations that placed 4,000 houses under construction.

College Students  
In State Prepare  
For Conference

PITTSBURGH, April 10.—(INS)—Pennsylvania college students have entered their last week of preparation for the meeting of the intercollegiate conference on government in Philadelphia April 8-11.

With this year's gathering set as a model national political convention, students on over fifty college campuses are now slating their final meetings where they will invariably discuss the nominations for chairman of the convention.

Representatives from the Republican and Democratic national committees and a spokesman for the Wallace third-party will outline their party platforms at this first session.

The chairman of the convention is the highest student office elected by the delegates. Student nominations already announced are:

Permanent chairman: Paul Steere, Harvard college, Marvin Gast, West Chester State Teachers college, Nancy Perkowski, Wilkes College, Charles J. Gane, II, Temple university.

Chief clerk: Eugene Maylock, Wilkes college, Doris Wolford, Temple university, Janice Weir, West Chester State Teachers college.

Chairman of rules committee: Benjamin Collins, Harvard, Thomas Gartside, West Chester State Teachers, Robert Black, Muhlenberg, Charles J. Gane, II, Temple, Charles E. Hailstone, Wilkes.

Clerk, rules committee, Betty Rutherford, Wilkes college, Ann Meikle, Wilson college, Pierce Bentz, Muhlenberg college.

**PROVIDES FOR "SKIPPY"**  
SPRINGFIELD, Ill., April 10.—(INS)—The sum of \$500 was provided for a pet dog, "Skippy", in the will of Annie F. Keyes of Springfield, who died recently leaving an \$18,000 estate.

The \$500 will go toward the care, maintenance and burial of "Skippy", who will be turned over to two friends of the deceased, under terms of the will.

## School Office Looted

—New Castle News Photo

Miss Ruth Breneman, principal of Taylor township school, examines the damage done to a filing case in the school by several youths recently. The boys forced open the filing case, broke the drawers and entered the principal's desk, took excuse blanks and threw a pair of the principal's spectacles into the Big Run. Three boys were concerned in this offense, one being a juvenile and the others being Fred Main and Benny Kobialka, of R. D. 6, according to State police.

## New Castle Public Schools

One of a series of articles concerning the public schools of New Castle. Written by a member of the New Castle Chapter, Pennsylvania State Education Association.

Extra-curricular activities have a place in the junior high school because it is a generally accepted educational principle that the development of desirable ideals, attitudes, and habits is more effectively fostered by opportunity for their actual practice than by merely learning about them. One of the main functions of the school is to create good citizens. The best preparation in the school for good citizenship is participation in activities which, in a small way, parallel those in which pupils will engage in later life as grown-up citizens. If the school is so organized that pupils may assume obligations and responsibilities similar to those that they will have after they leave school, they will be better able to meet and discharge those responsibilities.

A student council is an organization which provides for some representation in school control. Composed of a representative from each room, it can meet once a week to discuss school problems and to work out desirable school projects.

In these meetings junior high school pupils have the opportunity to learn a little about parliamentary procedure and to develop the ability to plan and carry out school enterprises. Qualities of initiative and leadership have a chance to expand while ideals of good school citizenship are being promoted. An efficient student council organization in the junior high school can do much to instill those traits of character which will lead to worthwhile citizenship in later life.

## STAMP HOARDER

PITTSBURGH, April 10.—(INS)—A collection of some five million stamps hoarded by a 74-year-old recluse were being sorted today by a Pittsburgh Trust Company.

The stamps were found in the debris-laden home of Gustave Pfeiffer, who was sent to a mental institution last November.

Searchers have already removed 90 boxes of stamps from the Pfeiffer home and expect to remove 200 altogether.

## HOLDING DOOR OPEN

SEOUL, April 10.—(INS)—A high-ranking American state department official in Seoul said Friday that United States still is holding the door open for any Soviet change of heart that would bring about Russia's participation in United Nations sponsorship of a Korean election.

Governor Denies  
Turnpike Addition  
Will Head North

HARRISBURG, April 9.—(INS)—Gov. James H. Duff on Thursday denied a published report that a northern route was selected for the eastern extension of the Pennsylvania Turnpike.

Duff said a location has not been discussed nor "agreed upon." It may be determined during a meeting which Duff has scheduled with the Turnpike commission next week.

A new story claimed the route would intersect the Lancaster pike between Middletown and Elizabethtown, and swing into southern Berks county to the eastern terminus at Paoli. It was claimed the route would follow closely the course of the old Union and Schuylkill canal line, the trail used by pioneers more than a century ago.

"I have been advised that the route designated there (in the story) has not been designated," the governor said. "I think it will not be and the Turnpike commission doesn't think it will be."

The governor announced that the work on the eastern extension of the 160-mile toll road which originally cost \$71,000,000 would be accelerated to accommodate increasing traffic which could not be borne by other roads in present conditions.

Reports from Jerusalem state that both the Jews and the Arabs are confused by President Truman's latest proposal for Palestine. Since President Truman himself seems a little confused on the issue, this is not surprising.

## most of the day?

During their school-age years, your children spend one-third of their waking time in school. That adds up to several precious, formative years—a block of time from your child's life that means everything to his future.

And those teachers with whom he spends that time—stop and think of their influence on his life, his thinking, on the kind of person he will turn out to be.

Do you appreciate their efforts to help him learn to get along with others, to overcome his special difficulties, to meet "growing-up" with adjustment and balance? Can you name anyone more important to your family—anyone more worthy of your

interest, friendship and concern?

Yes, teachers are vitally important to you, your children, and to every good citizen—yet today there are far from enough fully qualified teachers in our schools. What can you do to help solve the serious school-teacher shortage?

## YOU CAN DO THIS

First: Check up on educational conditions in your local schools. Second: Work with civic groups and school boards seeking to improve teachers' working and living conditions.

The joint effort of responsible parents and forward-looking citizens can and must save this situation—for the sake of our children and our country.

## 4-H CLUB NEWS

## Washington Township

On a recent evening, Mrs. Loyal Smith was hostess to a group of girls when a 4-H Club was organized. Miss Jean Cranmer was the instructor for the meeting.

Genevieve and Nellie Gudyia, Joan Pherson, Florence and Helen Stevenson, Ruth Smith, Millicent McGary, Delores McConnell, Carol Martin and Esther Rieher were present to be received as members.

Following a game period, Mrs. Smith and daughter, Carol Ann served a lunch. The next meeting

will be April 20 at the home of Esther Rieher when an evening meeting will take place.

## Washington Boys 4-H

The Washington Township Boys 4-H Club met at the home of Mr. and Mrs. Loyal Smith on Wednesday evening, L. C. Dayton of the county office was the instructor. Projects were chosen including capons, pigs, corn and tomatoes which were favorites.

The following officers were chosen: President, Robert Smith; vice president, William McConaghy; secretary, Robert Hunt; song leader, Bill Reher; game leader, Earl Shaffer and news reporter, Robert McGary.

The next meeting was announced

for Wednesday evening, May 12, at 8 o'clock in the home of Russell Umstead. Following adjournment of the last meeting, Mrs. Smith, aided by her daughters, Ruth and Carol served a delicious lunch.

# Eagles Gain Semi-Finals; Thompsons, Sno-Toppers Win Contests

## Hoyle Service Erased; Youngsters, "Mounties" Bow In Junior Tourney

The Eagles club juniors beg became the first outfit to reach the semi-finals of the junior cage tourney—turning the trick last night with a 58-47 triumph over the Hoyle Service passers.

The Hoyle Service put up a slam-bang battle and had excellent performers in Don Spears and Ray Taylor, who hit for 21 and 16 respectively, but their lack of reserves hurt them.

The losers led at the first heat 11-6 and at the half 22-19, but were overtaken in the third stanza. The lead shifted 15 times during the contest.

Big Don Reed with 17, Wayne Gray 15 and Dick Hamilton 12, proved the deadliest of the Eagles' sharpshooters. The winners will now meet the East Brook-Gus "Little Five" winner next Wednesday evening.

As the second round concluded two other teams felt the sting of "sudden death". In the opener the Thompsons of New Wilmington tore into the Youngsters and walked off with a 65-36 win. The Thompsons used their height and experience to good advantage over the "babies" of the tourney—a team that averaged 15 years of age. Hutchison, Garrett and Byler starred for the winners while Latsko, George Washington high ace, was a "one-man gang" for the Youngsters, caging 22 markers.

**Sno-Toppers Win**

Paced by two ex-New Castle high bombers, Don Black and Wayne Fullerton, the Hoover Sno-Toppers swamped the Mountainers of Mt. Jackson, 40-25. The "Mounties" led 4-2 after a slow first period but then the roof caved in and the Sno-Tops found the net to take a 14-9 halftime lead. At the third period point was 24-17.

Monday evening the quarter-finals will see the Gus "Little Five" meeting the East Brook Brookers at 7:15, the Sno-Tops against the Rick Panthers at 8:15 and the Flgo-Phillips five meeting the Thompsons Drugs at 9:15.

## Harry Todd Takes Lead In Masters Tourney

### UNKNOWN TEXAN HAS ONE-STROKE EDGE AT AUGUSTA

By JOHN R. HENRY

(International News Service Sports Writer)

AUGUSTA, Ga., April 10.—Harry Todd, a lean, easy-going and relatively-unknown Texan, tees off today on the third round of the \$10,000 masters golf tourney with a precarious one-stroke lead.

The Dallas pro's surprise performance over the first 36 holes of the Augusta classic gave him a halfway total of 139 after he fired a sizzling five-under-par 67 to add to his first-round 72.

Claude Harmon, the heavy-jowled native of Savannah, Ga., who currently plays out of the Winged Food Country Club at Mamaronock, N. Y., carded his second successive two-under 70 to trail at 140.

Harmon might easily have been deadlocked or passed Todd yesterday if it hadn't been for his ill-fated drives which kept him churning out of water holes.

Chick Harbert of Northville, Mich., and Bantam Ben Hogan, the candy kid from Hershey, Pa., were bracketed for third position with 141's. Harbert scored a 70 on the second 18, while Hogan got a 71.

Dame fortune, meanwhile, spurred goldom's golden boy, Lloyd Mangrum of Chicago. The dapper Chicagoan, who led the star-studded field of 57 aces on the first 18 holes with a par-shattering 69, slipped on the second round to a one-over 73 and wound up with 142.

Mangrum was joined by South African champion Bobby Locke of Johannesburg, the ex-Australian Jim Ferrier, who now hails from San Francisco; Ed Furgol of Royal Oak, Mich., and the 1946 Master's titleholder, Herman Keiser of Akron, O.

**Duplicate Openers**

Locke and Ferrier each duplicated their opening 72's, while Furgol and Keiser came up with 72's.

Todd on the second 18 holes was a dark horse running wild. He came up to the Masters almost unheard-of except for finishing the top 30 in the 1947 U. S. open. But yesterday he made the tricky 6,800-yard National Golf Club layout look easy.

The Dallas professional explained: "If I can keep playing as steadily as I did today, I'll not worry. I made some mistakes out there—some bad shots—but they happened when it didn't hurt. And, there's no need to be shy about saying I want to win. I've got five kids, you know."

The six-foot, two native of Shreveport, La., turned pro three years ago, but can boast no major tournament triumphs. In fact, he said he temporarily had retired from tournament competition to direct construction of a new course at Dallas.

**Trouble On 6th**

Todd's nearest brush with trouble came at the sixth green. He took three putts to hole out for a bogey 4. Otherwise, he blistered old man par without too much dramatics.

Harmon was the lad who took the breath of 5,000-odd spectators in the second round performances even if he had to struggle through ponds and rock piles. He squeezed through the worst trouble—on the 13th and 14th holes—in par figures.

Defending champion Jimmy Demaret of Ojai, Cal., a two-time titlist appeared out of the running with 145. So did Byron Nelson, the retired Texan, and Horton Smith, both double winners. Nelson had a two-day total of 144 and Smith was far back with 151.

## Roller-Hockey Game Sunday

New Castle Arena Team Will Play Glassport In Final Game Of 1947-48 Season

The New Castle Arena roller-hockey team will play the famous Glassport skaters Sunday at the Arena floor in the final game of the 1947-48 roller-hockey season. The game will start at 4 o'clock.

The Arena team this year under the direction of Don Wilson and Lee Stoops has had an enviable record. They have met and defeated some of the finest roller-hockey teams in Western Pennsylvania and Eastern Ohio. The sport revived here on a major scale for the first time in years, is catching fire. No doubt a large crowd will sit in on the final Sunday. It is a thrilling sport and provides plenty of entertainment.

### Adding Punch To Club

## "Better Than '47" Smith Says Of Chiefs

"We'll have a better team in New Castle this summer, than Niagara Falls did last year when they finished second in the Mid-Atlantic league". This statement was made to The News, today by George "Pappy" Smith, general manager of the Chiefs.

Only five of the Niagara Falls team of 1947 will be in the New Castle club this summer. The team is being rebuilt with heavy hitters and several outstanding hurlers.

The five who were with Niagara last year are—Jack Booth, a first baseman, who hit .256 last year, Jimmy Muldoon, a second baseman who hit .262 last year, Hugh Grimshaw, a right-handed hurler who won 4 and lost 2 last year, Ray Reiber, an outfield and pitcher who won 2 and lost none last year, and Felix Buchioni, a right-hander who had a 10 wins and 9 defeats record last year.

**Heavy Hitting Outfield**

Smith is confident that he will have the heaviest hitting outfield in the league in Reiber, Wally Hill, of Granby, Canada, Russ Myers of New Kensington, and Manager Bob Crow, this coterie of outer pasture men will hit close to 300.

"We are in need of a shortstop," Smith said. Roy Maud of Smith's Falls, Ontario, Canada is the leading candidate for the third base job, and possesses a fine throwing arm, Jimmy Muldoon is slated for second base, and Booth will hold down the initial sack. Gordon Adams of New Kensington is slated for a tryout at shortstop, Adim Hoch is doing the catching at present.

**New Players Monday**

Myers, Adams, Stan Sobolak, a pitcher and Frank Jaskey, a pitcher are expected to report here for workouts Monday. Jaskey was with Dormont last year and won 10 and lost 4. He is a right hander. Another hurler expected here shortly is Grimshaw.

Smith was high in his praise of several of the local boys who are trying out for the team, and thinks at least three of them will be carried this year. They are a hustling lot of youngsters, and that's what I like on a ball club, Smith stated.

**Ford Reports Monday**

Joe Ford, a young Ellwood City pitcher just returned from Korea and Army service, will report Monday, for a tryout. Ford is a right-hander.

The club is using the Cascade Street Field, home of the Dukes last year, until the P. J. Flaherty field site is completed. The fans are invited to attend any of the workouts, starting at 11 o'clock in the morning and lasting until 3 in the afternoon. The Monday session will not start until 12 o'clock, Smith said.

The first game of the season is April 30th with the Homestead Grays in an exhibition game. The league season starts May 7th with the Butler Yanks here.

**DIAMOND SPORT FOR HIM NOW**

MICHIGAN'S All-American football star, Bob Chappuis, now is starting on the diamond for the Wolverines. Chappuis, whose services are sought by pro clubs, is a catcher and good hitter. (International)

**HERE AND THERE IN SPORTS' LAND**

**JIMMY ZILL**, boxing promoter of Girard, O., has booked Frankie Moran of this city for an April 20 bout. Moran will box either Rudy Zandell of Akron or Harvey Jordan of Buffalo. Chris Tabor of Niles and Johnny Johnston of Youngstown will be among the other glove-wielders. Persons who arranged the sportsman's banquet Thursday night in the Cathedral did a good job. The exhibits were very pleasing and the awards were worthwhile. Ellwood City and Wampum Rod and Gun club will meet Monday night at their clubhouse. Motion pictures will be displayed and refreshments served. A local fisherman stated that last Sunday he toured trout streams and saw at least 75 angling. The time will come when streams stocked with trout will be closed after stocking takes place. Bill Campbell, Chicago Cardinals' center, has been released from a Chi' hospital following removal of a bone growth in an ankle. Owen Fox reports that Thursday he saw a squirrel at Gaston park carry from a hole in a tree her young by grasping them behind a leg. On Friday he saw the same squirrel return the small squirrels to the hole because of cold weather. Jim Brown, affiliated with the game commission, and who resides at Oil City, was a sportsman banquettee Thursday night. During the affair, Bud Ressler put in a plug for the Chiefs' testimonial banquet in the Cathedral, April 21. Vylus Latshaw of the Mahoning sportsmen reported that ladies of the Methodist church, Hillsville, proposed holding a banquet at Hillsville school to benefit the sportsman's organization, in the near future. The club now has a lake which is stocked. Congratulations to Mr. and Mrs. Scott McCaslin who will celebrate their golden wedding anniversary Sunday in the same house in which they were wed. Scott is a well known outdoorsman and with Sines, well known outdoorsman, hies to his Cambridge Springs cottage. Among the charter members of the LCSA is Wes Davy, who was at the Thursday fete. Toastmaster Bob Wallace left no room for doubt as to whom is "running" for political office. He named "em all. And speaking of W. M. (Dick) Roberts, whom Wallace said was a deposed member of the board of fisheries, Wallace said: "He was a good one, and interested in the welfare of the fisherman."

There was a peculiar incident in the presentation of awards at the sportsman's banquet. Secretary Eddie Fritz, Jr., who was making the awards, told the audience that the first ticket drawn would draw the cozier spangle. He had a small boy pull the first ticket from the revolving receptacle. He took at the number, smiled, then said: "Mildred Price. Things like this happen, folk." His remarks were occasioned because of the fact that her husband who was helping to handle the drawing, was holding the dog which was to go to his wife as present. This recalled to Here & There, a fight in the Jolly bowl when two Schmeling-Stribling ringside tickets were given away. A small colored boy pulled the winning ticket from the box. The stub of the winning ticket was held by the boy's father, a local colored minister. Three grid giants will bolster the Penn State lacrosse team. They are John Nolan, Glens Falls, N. Y., John Finley, Camp Hill, and Tom Smith, Rockville Central, L. I. The Lions play Drexel April 16. Both Rocky Graziano and Sonny Horne were battered badly in their Washington, D. C. 10 round fight, Horne being the worse blasted. Rocky won on points.

Ford Frick, president of the National league, has ordered a crack down on all half balk motions and cheater spinners this summer. Larry McPhail has just been paid off in full for his one-third interest in the Yankees, which is why Dan Topping and company had to float a \$1,600,000 loan. When Larry retired as president and general manager at the close of the last world series he got a check for \$1,000,000. The last check, the other day, was for an additional \$1,500,000. This sum should last Larry for some time. Russell Baxter and Jack Biddle, local rival middleweights, who box next Wednesday night in The Arena, are popular fighters in different cities. Within the last few weeks Biddle has fought in Toledo, Grand Rapids and Roanoke, Va. Baxter has boxed in Columbus, Chicago and Minneapolis. Russ has a bid now from Roanoke, which he will accept, after the Biddle bout. Fans should see very good fights next week. Johnny Izzo and Sonny Marsh will provide a slugger-bone. Lionel LaGrew, one of Cleveland's classiest youngsters, battles Bobby Mason, a good boy from Youngstown, while Chuck Gibbons, who has been going good, takes on Charles Hillson. Just out of the amateurs, but fast, LeRoy Wells will be fighting his first fight against Chuck Nulph, New Wilmington.

### Briefs From Major Camps

(By International News Service)

New York's slug-happy Giants are starting in right where they left off last year when they broke all home run records for the season.

Walker Cooper, Jack Lohrke and Sid Gordon hit for the circuit yesterday as the New York power-house pulverized the Cleveland Indians, 10 to 2. Sheldon Jones pitched the full distance for New York.

More and more pitchers are going the route successfully as the opening of the season nears. Hank Borowy of the Chicago Cubs held the St. Louis Browns to six hits and beat them, 6 to 2, and Phil Marchildon of the Philadelphia Athletics yielded only four hits in blanking Moultrie, 11 to 0.

Preacher Roe also went the route as Brooklyn swamped Asheville, 10 to 2, with Peeewe Reese driving in five runs.

However, Johnny Sain, slated to open the season for the Braves, got his bumps early as Boston was drubbed by Cincinnati, 13 to 4.

Boston's other big league representatives were tripped up by Birmingham, 6 to 3, in a six-inning game.

Stan Musial hit a homer as the St. Louis Cardinals downed Mobile, 8 to 2, in eight innings.

The New York Yankees had to go 11 innings to beat the Montgomery Rebels, 8 to 5.

**TALBERT IN PITTSBURGH**

PITTSBURGH, April 10.—(INS)—Billy Talbert, national indoors tennis champion, today was set to play Jim Arenberg of Pittsburgh in the first match of the Pittsburgh golf club's invitation tourney.

Other stars competing include Ed McGrath, Eddie Alloo, J. Gilbert Hall and Irvin Dorfman.

**TIGERS TO PRACTICE**

West Side Tigers will practice at 2 p. m. Sunday on Lee Avenue field. Candidates for the team are desired. Any 1947 players who have not yet turned in their shirt should do so immediately.

### Jock Flown Home, Feels Much Better

PITTSBURGH, April 10.—(INS)—John B. "Jock" Sutherland, Pittsburgh Steeler coach, was reported "resting" today in a Pittsburgh hospital after he was returned from Cairo, Ill., by chartered plane.

He will undergo further treatment for nervous exhaustion for which he was hospitalized in Cairo after he was stricken while on a vacation-business tour.

Sutherland arrived in Pittsburgh shortly after midnight last night in a plane owned by the Weirton Steel Co., and was taken directly to the hospital.

He was reported to be feeling "much better" and "clearer mentally."

Cairo doctors described Sutherland's condition as much improved but prescribed a complete rest. Steeler officials said that whether the rest treatment means Sutherland will or will not coach the Steelers this year was purely speculative.

**VFW Team Will Meet Sunday**

Jimmy Dennis, commander of VFW Post 522, has called a meeting for 2:30 o'clock Sunday at the club rooms, 214 Grant street, of all candidates for the VFW baseball team this summer. Measurements will be taken and new uniforms will be ordered. Dennis said. Chairman Pietro will have charge of the meeting.

Tryouts will start Sunday. The VFW Post 522 team will enter the Beaver, Butler and Lawrence County league this year, it was indicated.

**ISAAC WALTON HEAD**

CHICAGO, April 10.—(INS)—Walter W. Frye, a slight, lively man who heads the department of chemistry and biology for the Akron, O., high schools, is the new national president of the Isaac Walton League of America.

A native of Wooster, O., with a record of 20 years service in the nation's most eminent conservation body, Frye succeeds Tom Wallace of Louisville as president of the Waltons. His election was considered by many to have hinged on his experience with high schools and with Waltonsians learning more and more toward setting up definite liaisons with American youth.

## FAIR or FOUL

By LAWTON CARVER (INS Sports Editor)

NEW YORK, April 10.—(INS)—Tony Zale looks like a pug. His eyebrows are knotted and his nose bashed in from the punches he has received since he first laced on gloves in 1941.

The former middleweight champion doesn't act the part, though, and he doesn't think that way or talk that way. He's a prizefighter only when he is in the ring. In there he is a very good, very game and very tough one, or he used to be. He may be washed up now.

His match with Rock Graziano on June 9 will tell the story as to whether he has come to the end of the trail.

If it is the finish he wants it to be by a knockout. He doesn't want the fight stopped nor does he want to lose a decision. He wants to go down and out swinging.

In that respect he thinks like a prizefighter who has the gallantry to seldom see these days among the champions and near-champions.

Outside of boxing he is a dignified, quiet and earnest fellow who will sit and listen for hours while others talk and when he does any talking it is about the same things that you and your friends talk about at luncheon.

**Boxing A Business**

His viewpoint is interesting in that to him prizefighting is a business like any other business, and one which doesn't require that you

be a hoodlum to be a part of it. He is more interested in his home than in night clubs.

The high point of his career came that night two years ago when he successfully defended his title by knocking out the fearsome Graziano.

The low point came last summer when Graziano took that title in a return match by a knockout.

However, Zale didn't weep over it as some fighters do when suddenly they realize their title is gone.

He said at his signing for the Graziano match that he saw no reason for shedding tears, and he and his wife went out to a friend's house and laughed and danced as though nothing had happened.

Yet, what had just happened was the most important thing that can befall a veteran champion. With the title gone he's just another guy on the way out.

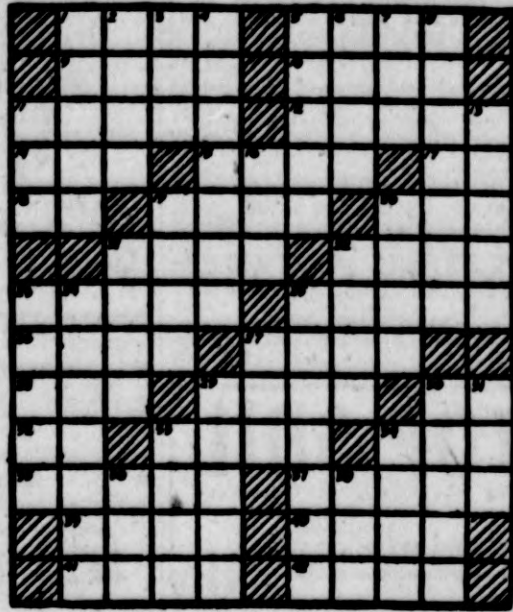

Zale said the surprising thing was that people didn't seem to change toward him. He thought they would give him a lot of ice as an ex-champion, but his friends went along as before.

The heat was terrible at Chicago the night Graziano knocked him out and many observers insisted that this worked against Zale to greater extent because of his age. He will be 34 in a month.

He thinks the heat might have had something to do with his defeat.

**Main Yields Homer; Pirates Fall, 4-3**

SAN ANTONIO, Tex., April 10.—(INS)—A homer off Forrest Main in the 12th inning today had given the Chicago White Sox a 4-3 triumph over the Pittsburgh Pirates.

Hal Gregg, who started for the Pirates and worked eight innings, longest any Buc pitcher has gone this spring, gave up three runs on four hits.

Grady Wilson, subbing for Stan Rojek at shortstop, tossed a wild one in the eighth, making possible a two-run rally by the Whitesox. Rojek is out with leg trouble.

A pinch single by Max West with bases full enabled the Bucs to score two runs with a homer by Johnny Hopp accounting for the victory.

Bill Wight, who pitched for Kansas City last year under present Buc Manager Bill Meyer, started for the Sox. He was relieved by Earl Caldwell in the sixth.

NEW YORK, April 10.—(INS)—Retention of the international challenge cup by American tennis players seemed likely today, with France trailing by 2-1 in matches going into the last two singles.

It was at this type of play that Billy Talbert and Frank X. Shields, both of New York, excelled against the Frenchmen, Marcel Bernard and Jean Borotra, at last night's resumption of this international specialty after 14 years. The big match, Talbert swept through to a split-set decision over French Champion Bernard by 8-6, 3-6, 6-3.

In the secondary meeting, Shields, a veteran himself, beat the elderly Borotra in two tough, extra-game sets by 9-7, 6-3, leaving America needing only one point for the team victory.

## MUSIAL'S FATHER ILL

NEW ORLEANS, April 10.—(INS)—Stan Musial of the St. Louis Cardinals was enroute today to Donora, Pa., to be at the bedside of his father, Lucas Musial, who is reported critically ill of a heart ailment.

## Home Economics Groups To Meet

Annual Meeting Of Lawrence County Home Makers Will Take Place April 15

### ALL-DAY MEETING AT EPWORTH CHURCH

On Thursday, April 15, the Lawrence County Home Makers, composed of women from different rural sections of the county, who are organized for social and home improvement purposes will have their annual meeting in the Epworth Methodist church, the meeting convening at 10 a. m. and lasting through 3 p. m., with a luncheon at the noon hour.

Mrs. Fred Taylor, of Pulaski township, is chairman for the day, with Mrs. Arthur Wilson, of Wilmington township, secretary. The hostesses will be other members of the executive committee, composed of Mrs. Seth Neely, of Plaingrove; Mrs. C. E. Campbell, of Mahoning township; and Mrs. Thomas Shelar, of Slippery Rock township. Mrs. Wiley Craig, of North Beaver, is also a member of the executive committee.

At the morning session, reports will be given on the past year's work. Mrs. Mae Barton, clothing specialist of Penn State college, will speak on selection of fabrics and patterns.

Dr. Robert F. Galbreath, pastor of the First Presbyterian church, will be the speaker at the afternoon session, and will discuss the people of Palestine.

At the luncheon hour, there will be a style show, featuring garments made by the women of Mahoning and Slippery Rock groups, showing short cuts recommended for giving home sewing a professional look. There will also be exhibits of furniture and home furnishings, food, clothing helps, and child care, coupled with entertainment in the form of readings, vocal numbers, and skits.

Miss Rosalind Jewett, assistant director of Home Economics from Penn State college will be a guest during the day and will appear on the program.

The luncheon at noon, will be served by the ladies of the Epworth Guild, reservations for which may be made with Miss Emmeline Mehlman, home economics extension worker at the Agricultural Extension office, or with the members of the local clubs.

## Washington Girls Enjoy Swim Party

Reports were made by committees, and Father Beck closed with devotions.

EXCUSE IT PLEASE

BERLIN, April 10. — (INS) — Soviet troops guarding a roadblock on the frontier of the United States and Russian occupation zones are reported to have crossed into the American area in pursuit of some German fugitives.

The reports said the Russians, who were said to have fired several shots which went wild, told U. S. investigators they were pursuing some black market operators and did not know that they had entered the U. S. zone.

## One-Time Dishwasher Now Owner Of Town

LANGLOTH, Pa., April 10. — (INS) — "I don't want to be mayor, I just want to own the town."

That phrase became a reality for a man who migrated to this country 35 years ago and started life as a dishwasher.

Gus Barbusch, who says "It could only happen in this country," bought this community, with a population of some 3,000 residents, for \$200,000.

Langloth, which was well on the way to becoming a "ghost town" due to the closing of the American Zinc and Chemical plant, now has high hopes of avoiding its destined fate.

Gus has plans for establishing a new industry to move into the empty plant and also wants to build a baseball diamond for residents.

Gus, who at various times washed dishes, owned a store, restaurant and hotel, says with a smile: "My plan is to run a good town."

## Union Twp. Group Prepares Petitions

Members of the Union Township Civic and Athletic Association had their regular monthly meeting on Wednesday evening in Union high school building.

The matter of securing fire hydrants for the township was acted upon. Petitions for the hydrants

are now ready for circulation, and Forrest Farrington will distribute them to members of the association to canvass the district for signatures. As soon as the petitions are signed, they will be turned over to the Water company, and the hydrants will be installed as soon as possible.

A memorial Day program will be arranged which will be held in the vicinity of Union Township Honor Roll. The committee named is C.

Ed. Donley, Michael Bowden and Howard Cox. Refreshments were served by the social committee. Next meeting will be May 3.
